ENGLAND NOT SATISFIED WITH REPLY

LONDON, October 26, 5:12 p. m.---Foreign Secretary Lansdowne considers that Russia's reply in its present form is incomplete, especially in the failure to grant Great Britain's demands for the punishment in principle of such officers as might be found responsible.

Lord Lansdowne said late this afternoon, however, that he trusted the matter would be settled within twenty-four hours.

THE OAKLAND REALTY SYNDICATE BORROWS NEARLY $4,000,000 PROMISES FULL PROTECTION TO THE LENDERS

WHERE IS THE PROTECTION?

ALLEGED MAP OF OAKLAND ISSUED BY THE REALTY SYNDICATE, WITH THE ADDITION OF A LINE SHOWING THE REAL BOUNDARIES OF THE CITY AS DRAWN IN COUNTY SURVEYOR PRATHER'S OFFICE. WITHOUT THE ADDITION OF THIS LINE OF DEMARCATION THE MAP CONVEYS THE IMPRESSION, ON A CASUAL INSPECTION, THAT ALL THE PROPERTIES OF THE REALTY SYNDICATE ARE INSIDE THE CITY LIMITS. THE PROPERTIES OF THE SYNDICATE ARE SHOWN BY THE BLACK SPACES ON THE MAP AND BY FAR THE LARGER PART OF THEM ARE OUTSIDE THE CITY.

(From the San Francisco Examiner of October 26, 1904.)

STATEMENTS OF ASSETS FALSE.

Corporation Has Elaborate System of Canvassing for Loans and Pays Agents Big Commissions for Their Work.

The Oakland Realty Syndicate is peddling its promissory notes which it calls "investment certificates" under misrepresentation of the nature of the assets and security. Besides the misrepresentation of the nature of the assets, these notes are not secured in any sense recognized in the financial world. No banker will take them as collateral on a loan. They are not negotiable in a banking sense. Nevertheless the syndicate has succeeded, with the help of canvassers, in borrowing $3,879,397.26 on these certificates.

The certificates or notes are neither a mortgage nor a bond. They are not secured on any specific piece of property. They create a lien on nothing. They call for 6 per cent interest, and besides that high annual charge the syndicate pays big commissions to its peddlers. The syndicate has this in common with the "get-rich-quick" swindlers whom the Postoffice Department stamps as frauds, that its business is done and its clients secured mostly through canvassers. A great many women have been persuaded to lend money on these notes.

In order to explain more fully the nature of the obligation which the Realty Syndicate calls an investment certificate, a copy of one of these blank forms is given herewith:

THIS IS THE "SECURITY."

No.....

INVESTMENT CERTIFICATE
Issued by
THE REALTY SYNDICATE.

Ten years after date the Realty Syndicate promises to pay to ..... of .....$..... with interest at the rate of 6 per cent per annum, payable semi-annually and whenever dividends paid its capital stockholders exceed 6 per cent per annum the rate of interest paid herein for the same period shall be increased to equal the rate of said dividends. This certificate is transferable only upon indorsement and surrender. Any owner of investment certificates of a paid-up value of not less than $100 may exchange them for unimproved realty held for sale by the corporation. In witness whereof the Realty Syndicate has caused this certificate to be signed by one of its Vice Presidents and by the secretary and countersigned by its auditor at its office in the city and county of San Francisco, State of California, this .... day of .....

This certificate is got up to look like a bond as much as possible. The word "gold" is water-marked across its face in green letters an inch and a half high. Yet the merest inspection shows it is an ordinary promissory note differing from such notes as they are usually made in that its terms are exceedingly onerous for the lender.

HARD CONDITIONS.

It is not payable for ten years and can only be transferred on indorsement and surrender. If such a note were offered to a banker he would simply laugh and throw it in the waste-paper basket. There is no indorser for the note. It is not secured on any property. It is not negotiable, as such notes are usually made.

The Realty Syndicate resembles the "get-rich-quick" concerns in other particulars in that it gets out elaborate, voluminous and handsomely illustrated literature with intent to deceive. In one of its publications is shown a map purporting to be a map of Oakland. The exact title given by the syndicate publication is "Map of Oakland, showing properties of the Realty Syndicate." The implication of that title is that the properties of the syndicate are included in the city of Oakland. Yet as a matter of fact the major part of these properties are outside the city limits, located in the foothills northeast of town.

MAP IS DELUSION.

The map does not show the boundaries of the city in any way that they can be deciphered.

INGENIOUS SECURITIES.

THE Oakland Realty Syndicate has borrowed on promissory notes paying high interest and commissions therefor, nearly $4,000,000. These notes, called investment securities, are not negotiable in the banks; they are not secured on any specific property; they are neither bond nor mortgage, and the syndicate has power to transfer all its holdings tomorrow to another corporation, leaving 8000 holders of investment certificates to recover their money in the courts as best they could from the stockholders.

This same precious document says: "Capital stockholders have paid in $4,050,000, which has been invested in land and in transportation securities. This money cannot be withdrawn until all the investment securities have been paid, hence the $3,879,397.26 received from more than 8000 investors and which is also invested in land and in transportation securities is fully protected."

Observe, "fully protected." Suppose the Realty Syndicate should to-morrow transfer all this land and these transportation securities to John Doe or to another corporation; what would become of the protection? There is not a word in the four corners of the investment certificate to create a lien on these properties, and there is absolutely no means of preventing such a transfer if the corporation elects to carry it out quietly, as it has full power to do. A few strokes of the pen, and the "protection" would have vanished.

The holders of the investment certificates would then be left to recover as best they might their money from the stockholders, should they discover that a transfer had been made. Doubtless the astute financiers of the syndicate who have devised this ingenious form of obligation would hurry to the front to make good the "protection" promised the 8000 investors and surely they would do so before the expiration of the statutory limitation in three years from the insolvency of the corporation.

CORPORATE WORRIMENT.

They would hurry—these ingenious financiers—because after the expiration of the three years' limit, the certificate holders would have no remedy against anybody.

F. C. Havens is vice-president of the Realty Syndicate and general manager. Some time ago Mr. Havens was questioned as to the nature of the security on which the issue of certificates for nearly $4,000,000 was based.

"They rest," said Mr. Havens, "on the prosperity of the syndicate. We have immense real estate holdings in and around Oakland and we own the stock of the Oakland Transit system of street railroads and of the San Francisco, Oakland and San Jose Railway, including the ferry.

"Is there anything, Mr. Havens, to prevent the transfer of these properties from the Realty Syndicate to some other corporation?" was asked.

"Nothing," said Mr. Havens "Nothing in a legal way—nothing but the personal honor and standing of the stockholders."

"The security, then, is personal?"

"That is true, but you mus consider the wealth and standing of the stockholders."

Real estate business in San Francisco, Oakland and the cities around the bay has been unusually prosperous for some years. When business is in that condition it is easy to pay high interest and big commissions for money loaned, but when the pinch of hard times comes, as it always does come sooner or later, it is very different. In such periods of depression great masses of unimproved real estate become wholly unsalable. They are a financial millstone around the neck of the holder. As for the transportation securities, the stock of street railways held by the syndicate, everybody knows how such shares fluctuate and how they can be manipulated. Their value can be annihilated by an issue of bonds taking priority over them. There is nothing to prevent the Oakland Transit Company from charging another issue of bonds on the property, which would make the shares unmarketable. Such is the nature of the "protection" which the Realty Syndicate offers.

ARMIES AT CLOSE RANGE.

Both Sides Are Preparing For Another Slaughter.

Advices from the front today indicate that the Russian and Japanese armies are not ready for the predicted great struggle, but the delay is not explained. The two forces hold their positions in entrenched lines within short range and maintain a continuous sniping and artillery fire. Several unimportant affairs are reported, among them what is described as "weak efforts" on the part of the Japanese to retake Lone Tree Hill, which was repulsed. Beyond the general statement that the positions of the two armies are unchanged no light is thrown on the disposition of the forces.

KUROPATKIN MAKES REPORT

ST. PETERSBURG, October 26.—General Kuropatkin telegraphs that there was no fighting of importance October 25. He adds:

"A desultory artillery fire was maintained all day long upon the front of our right flank by both the enemy and ourselves.

"On the night of October 24, Russian volunteer sharpshooters ambushed advancing Japanese outposts and forced them to retire southward. Another detachment recovered a Russian gun carriage."

"On the Russian center, a detachment drove back the Japanese advance near the village of Yautchai, but upon the appearance of strong Japanese reinforcements the detachment returned to the village of Shakhe after burying the bodies of several Russians killed during previous fights and collecting large quantities of arms and ammunition."

SITUATION ONE OF GREAT TENSION

MUKDEN, October 26.—The situation is one of great tension for the troops on both sides. Kuropatkin and Oyama seem to be watching each other and it is impossible to tell which will make the first serious move. There are constant exchanges of desultory firing at the outposts, but nothing of great importance has transpired. On Sunday night the Japanese made a feeble attempt upon Lone Tree Hill, but the attempt was not pressed. The Russians used several siege guns of great range on Monday, bombarding the Japanese positions near Shakhe. The Japanese replied with Shimose shells. The Chinese say the Russian fire destroyed three Japanese field pieces.

The Japanese have evacuated Shakhe railroad station, but it and the railroad bridge between the lines are in the field of fire of both sides.

Although it is reported that there is no activity on the Russian left flank, little is really known concerning the situation. A Japanese movement from the west along the railroad is reported, but this has not been confirmed. On Monday a quite heavy artillery fire was heard westward.

The Japanese prisoners say the cold weather is causing an increase of illness among their troops.

The tree which gave its name to Lone Hill has disappeared. It was cut down Monday night for firewood.

TWO ARMIES AT CLOSE RANGE

YENTAI COAL MINES, Manchuria, Tuesday, October 25, via Fusan, October 26.—The two armies remain confronting each other at close range along the entire lines. Both forces are working hard at the construction of strong entrenchments.

On the Japanese left the artillery is exchanging bombardments.

Major Prince Carl Anton von Hohenzollern, the representative of the German Emperor with the Japanese army, has arrived at Liao Yang and will soon visit the front.

ADMIRAL SENDS A REPORT.

He May Be Recalled By Order of the Czar.

ST. PETERSBURG, October 26 (4:40 p. m.)—It is asserted on high authority that Emperor Nicholas this afternoon received Admiral Rojestvensky's report.

Vice Admiral Avellan, chief of the Admiralty, has gone to Tsarkoe-Selo and will not return until late this evening.

There is no clue yet as to the character of the report.

If Admiral Avellan brings the report back on his return from Tsarkoe-Selo tonight the Admiralty intimates that the substance of Rojestvensky's explanation will at once be given out.

It is entirely probable that if Rojestvensky is found to have been responsible for the blunder and he is recalled, Vice Admiral Chouknin, commander of the Black Sea fleet, will succeed him in command of the second Pacific squadron.

WILLIAM L. PRICE'S TROUBLES.

HIS DISAGREEMENT WITH HIS WIFE CAUSES HIM TO BE MISREPRESENTED

The unfortunate domestic troubles of W. L. Price, local advertising manager of THE TRIBUNE, have given rise to some sensational, and in some instances, malicious publications in the press, it is only fair that some plain facts should be recited in these columns, more particularly as Mr. Price's connection with THE TRIBUNE has caused him to be singled out for misrepresentation.

As to the precise rights and wrongs of the unhappy disagreement between Mr. and Mrs. Price, THE TRIBUNE will make no statement, because the public has no legitimate concern with them, and because this paper has no wish to take sides in contentions between husband and wife. Besides, as is always the case in such disagreements, the parties concerned radically disagree in their stories.

But there are always two sides to every story, and by general consent women are permitted to make statements which a man is debarred from making, and the license so accorded is seldom allowed to go by default by an angry woman.

The charge that Mr. Price kidnapped his children is false and ridiculous. The law entitles him to their possession, and he brought them to Oakland openly, not surreptitiously. However, it was not his intention to take them permanently from the custody of their mother. Nor was it Mr. Price who caused the arrest of his wife.

So much for that. Mr. Price has long been connected with THE TRIBUNE in an important capacity, and his employers have always found him capable, energetic, honorable and loyal. He has been faithful to his obligations, and his employers and associates have ample evidence that he is sincerely and unselfishly devoted to his family. He has their sympathy in his domestic trouble.

RUSSIA MAKES A REPLY.

Sends An Answer to Demands of Great Britain.

LONDON, October 26, 1:18 p. m.—The Russian reply to Great Britain's note on the subject of the North Sea tragedy has been received by the British Government. It expresses deep regret at the occurrence and promises full reparation so soon as an official report is received from Rear-Admiral Rojestvensky.

REPLY RECEIVED.

The reply was received by Ambassador Beckendorff during the night and was forwarded to Foreign Secretary Landsdowne in the shape of a formal letter in which the Ambassador waiting on cabled instructions from St. Petersburg, gave the above assurances, adding that while the Russian Government at the time of the cabling was still without official knowledge, from its own sources, of the occurrence in the North Sea, it feels so certain it was an error that it wishes at once to express its regret and assures the British government that full compensation will be made as soon as the details are received. A reply in identical language is expected to be handed to Ambassador Hardinge at St. Petersburg today.

HOLDS CONFERENCE.

Ambassador Beckendorff drove to Lansdown House before noon, had half an hour's conference with Foreign Secretary Lansdowne and subsequently proceeded to Downing street and saw Premier Balfour.

During the conference, Lord Selborne, First Lord of the Amiralty, called in Captain Prince Louis of Battenburg, the director of the naval intelligence. Attorney-General Findlay was also present. The Premier, Prince Louis and Lord Selborne are all members of the defense committee. The conference lasted about an hour.

BRITISH DEMANDS.

Lord Selborne's speech at the Pilgrim's dinner yesterday evening is accepted as revealing the precise nature of the British demands, namely an ample apology, generous compensation, the punishment of the guilty and an adequate guarantee against a repetition of the offense. The First Lord of the Admiralty thus fully confirmed the Associated Press advices of yesterday morning.

Apart from the Admiralty's announcement that precautionary orders had been issued to the fleets, there are practically no signs of anything in the nature of warlike preparations, thus confirming the opinion universally held in all well-informed circles here that the pledges given by Emperor Nicholas and the Russian Government will be generally fulfilled and that the crisis will pass away without serious consequences.

A telegram from Portsmouth reported that orders had been received this morning to hurry the equipment of certain

GREAT BATTLE COMING.

Quiet at the Front is Considered to Be Significant.

ST. PETERSBURG, October 26—1:25 p. m.—The quiet now prevailing at the theatre of war is considered to be only the calm before the storm. There is every indication of the imminence of resumption of fighting on a large scale as the proximity of the two armies makes it impossible for them to much longer defer a renewal of the battle.

The correspondents at the front are strangely silent concerning the coming developments but from the slight movements reported and the continual reconnoitering of the Japanese positions it is regarded as certain that General Kuropatkin has a free hand accorded him by his elevation to the post of commander-in-chief and that he is about to undertake an offensive movement. Field Marshal Oyama is reported to be fortifying his whole line south of the Shakhe river, showing that he is preparing to meet the Russian onset. Not a ray of light as yet has been shed upon Kuropatkin's plans.

Viceroy Alexieff's order of the day announcing Kuropatkin's appointment is in the same grandoise vein as Kuropatkin's order of October 5 and is regarded as having definitely established the authorship of that ill-starred document.

While Alexieff takes particular pains, in turning over the supreme command of the land forces to Kuropatkin, to inform the soldiers and the world of the marks of imperial confidence reposed in him and to announce that he will remain as viceroy, the order is considered as virtually his farewell address and that it will soon be followed by his return to St. Petersburg. His elimination as a factor in the military situation has caused a sigh of relief.

The papers all welcome the announcement of Kuropatkin's appointment to the chief command as a well-merited recompense for the manner in which he discharged the difficult role imposed upon him, and reading between the lines, as a promise of better results now that Alexieff is eliminated and there is no longer a prospect of the elevation of a grand duke to the supreme command.

RUSSIA MAKES A REPLY.

ships of the reserve, but this, it is understood, was comprised in the Admiralty's order already announced, and this continues to receive high approval from public bodies and the newspapers, though the more jingoistic of the latter express the hope that it means that the Russian squadron will not be permitted to go beyond Gibraltar, or if it does, that the squadron will be followed. Vice Admiral Lord Beresford's vessels, the channel squadron, are lying conveniently in the shadow of the Rock of Gibraltar.

The British cruiser Suffolk, which was to have left Gibraltar for Malta today, was ordered to remain at Gibraltar.

RUSSIAN SQUADRON.

Reports of the whereabouts of the Russian squadron are coming in from various quarters. Besides the arrival here of a steamer with a report of sighting the squadron, a steamer which arrived at Dartmouth today reports having sighted five Russian battleships and three torpedo-boat destroyers off Ushant at midnight Monday. This is supposed to be the second division of the squadron.

A telegram from Brest says the transport Kinasgortchakoff is still in the outer roads awaiting the squadron. She has 2300 tons of coal and thirty seamen on board who are to join the ships of the squadron. Her commander this morning signalled a request to the Russian vice consul to come on board.

From Fiume, Hungary, comes the announcement of the arrival there of six British warships, while the rest of the British Mediterranean fleet is on its way to Pola, Austria.

SOUTH BEND, Indiana, October 26.—W. J. Bryan left here today in his special car for another day of speechmaking in Indiana, Knox being the first town at which an address was announced to be made.

SPEAKS TO THE TROOPS.

Viceroy Alexieff Says That Russia Will Overthrow Japan.

ST. PETERSBURG, October 26.—The text of Viceroy Alexieff's order of the day which was read before the troops in the Far East Monday and announced the appointment of General Kuropatkin to be commander-in-chief of all the land forces in the East is as follows:

"His Majesty today acceded to my request that I be relieved of the duties of commander-in-chief and has appointed General Kuropatkin commander-in-chief of all our land forces in the Far East, while retaining me in my position as viceroy.

"His Majesty at the same time deigned to favor me with an expression of sincere appreciation for my efforts in connection with the formation of military forces in the viceroyalty, their concentration in the war zone and my conduct of affairs as commander-in-chief of our forces in the Far East.

"While notifying the land and sea forces in the territory of the Far East of the imperial will and mark of favor graciously conferred by our monarch, I consider it my duty to convey my cordial thanks to the glorious troops under my command who have taken immediate share in the military operations for their truly self-sacrificing service, distinguished by many heroic deeds on the part of both men and leaders of all grades.

"I also express my sincere thanks to the troops which have not yet met the enemy for their energy and indefatigibility in difficult positions.

"I shall always be very proud and hold in the highest honor that special confidence the monarch conefrred upon me as commander-in-chief of the glorious troops which have adorned their banners with fresh glory.

"It is my firm belief that with God's help our strong foe will be overthrown by our troops—to the glory of the Emperor and to the glory of our beloved fatherland."

MELODRAMA AT LIBERTY THEATRE

"Jim Bludso," this week's attraction at the popular Ye Liberty Playhouse is a splendid scenic melodrama and has all of the necessary requirements to make it a success in its particular line. The management does not claim for it that it is a classic by any means—that it is just what it is, a scenic melodrama. The plot is cleverly worked out and some new and original scenes are brought about during the action of the play, and the villian seems to triumph until the very last moment, when the hero comes into his own and all ends happily. Such a play is a relief after the stress of business worries and cares and the surfeit of problem plays, and almost anyone can take a big evening's enjoyment out of it. Bishop's players are well fitted to play the various roles and do so with becoming taste. It comes natural to applaud Stevens as the manly hero, and fine one he makes at that, and Robert Elliott can change his charming personality to that of the villian of the play with surprising ease and grace. Jane Kelton makes an ideal heroine and all of the rest of the cast are every bit as good as those mentioned. The scenic effects are excellent, the breaking of the levee in particular. "Jim Bludso" will be given every night this week, with the usual matinee on Saturday and the first of the regular Sunday matinee.

PRISONER WANTED FOR MURDER

SAN DIEGO, October 26.—A man answering to the name of Torres was arrested here yesterday for an assault with a deadly weapon upon a companion. He answered to a description sent here of Duarte, the Bakersfield murderer. His photograph was sent Sheriff Kelly of Kern county and a telegram informs Chief Thomas that his prisoner is the man wanted there.

GEORGE CHASE.

M'MULLAN HAS A CHANCE.

DEMURRER OF ALAMEDA COUNTY IS OVERRULED BY COURT.

The demurrer entered by Alameda County against the complaint of C. S. MacMullan, who is attempting to collect the sum of $21,790 80 for discovering property was overuled by Judge Ellsworth this morning and is an important decision in the case. Practically all of the legal points in the case were brought up on this demurrer and the overruling of the contentions is a victory for Attorneys M. C. Chapman and M. B. Kellogg, who are pressing the claim for MacMullan.

The suit arises out of a contract entered into between the Board of Supervisors and Stewart MacMullan whereby the latter was employed to expert the assessment rolls of the county, and if he could find any property that had been escaping taxation for more than three years he should have half of the money collected as taxes.

After the assessment roll had been made up by Assessor Henry P. Dalton MacMullan presented a claim to the Board of Supervisors for the discovery of the franchises of the Oakand Gas, Light and Heat Company, the franchise of the Emeryville Race Track, the water in the reservoirs of the Contra Costa Water Company and other properties upon which he alleges taxes have been collected to the amount of $43,581.60 of which amount he claims one-half.

The claim was rejected by the Board of Supervisors upon the ground that he had not reported to them in regard to the matter.

Judge Ellsworth by his decision has decided that MacMullan has a ground for his action; that the Supervisors had a right to make such a contract and holds the language of the complaint is definite enough to be understood.

The case will now go to trial upon its merits and if MacMullan is able to show that he was the discoverer of the property claimed to have been discovered by him, he will be able to recover. The question as to the legality of assessment of the water in the reservoirs of the Contra Costa Water Company has been taken to the Supreme Court and so far no taxes have been collected upon it.

BRIGHT'S DISEASE.

Sweeping the Country—Increase by Decades as Shown by the Census.

The following deaths from Bright's Disease are from authoritative census reports:

1850	DEATHS	
1870	DEATHS	1,722
1880	DEATHS	5,986
1890	DEATHS	22,330
1900	DEATHS	58,748

The worry and strain of the American life is ruinous to the Kidneys, and Bright's Disease is getting to be the National Scourge.

A few years ago many deaths were reported from "Inflammation of the Bowels." Appendicitis is now known to be the real trouble.

A similar change has come in Kidney Disease. It is now disappearing into Bright's Disease.

In 1860 the census reported deaths from Kidney Disease, but none from Bright's Disease.

In 1890 of the 37,549 deaths that year from Kidney Disease over half were recognized as Bright's Disease.

In 1900 of the 63,012 deaths 58,748 (over nine-tenths) were known to be Bright's Disease.

Thus the simpe thing we innocently refer to as Kidney Trouble is now recognized as the commonest symptom of Bright's Disease.

Kidney remedies, so called, are recognized by medical workers and the professions as impotent. There is only one cure known—only one thing that is made for Bright's Disease alone, and that can show a definite percentage of efficiency, viz., Fulton's Renal Compound for Bright's Disease. It gets favorable results in about 87 per cent of all cases. Nothing else known can show any definite per cent of recoveries in chronic cases. In fact, no percentage at all based on actual figures in chronic cases is obtainable from any source except from the Jno. J. Fulton Co. Nothing else in the world except Fulton's Renal Compound is willing to be judged by what it can do in chronic Bright's Disease alone.

"Kidney trouble" is the popular nickname for Bright's Disease. You owe it to yourself and your family to not let that apparently mild kidney trouble run a day longer without attacking it.

FORGOT PAST DEEDS.

Couple Remarried After Seventeen Years of Separation.

After seventeen years of drifting, the tides of time have once more thrown James A. Johnston and Ella A. Johnston together and for a second time they plighted their troth and are once more man and wife.

Seventeen years ago they were divorced after a separation over a little misunderstanding. Today they told Clerk McNulty that they were satisfied that they had made a mistake and had lost the best years of their lives in solitude.

Johnston came from West Virginia while his wife hailed from Ohio. When hardly in their twenties they were married and had six children. Then came trouble followed by a separation and divorce.

They took their different ways and recently came together in Oakland and the hearts of the parents were drawn together by their children and mellowed by the time that has elapsed they concluded to let by-gones be by-gones and were married again this morning by Justice of the Peace Quinn at the County Clerk's office.

YOUTH REPORTED MISSING.

Fletcher Flaherty Cannot Be Located By His Mother.

Fletcher Flaherty, a son of Fletcher A. Flaherty, a bookkeeper in San Francisco, and Mrs. Belle Flaherty, principal of the Allendale Public School, whose residence is on Redwood road, near Allendale avenue, has been missing from his home since last Monday morning.

His disappearance has occasioned a great deal of uneasiness to his parents and surprise to the neighbors in Allendale vicinity, because he was a boy of exemplary habits, level-headed and fond of home, and rarely went beyond the influence either of that or his parents. Besides, so far as known, there is no reason for his disappearance.

He is about 13 years of age. He was bright, ambitious, regular in attendance at school and was never missing from his seat in the Sunday School class of the little Congregational Church on Fruitvale avenue, midway between East Fourteenth and Hopkins streets.

He attended the Sunday School class last Sunday, and that was the last that was seen of him, so far as known, by his associates.

He went home that evening and, on the next morning, he left as usual to attend class in one of the Fruitvale schools, where he is a promising scholar. Since that time his parents have neither seen nor received any tidings about him.

The father of the missing lad is well known in Allendale and Fruitvale districts. He was formerly a member of the Democratic County Central Committee and, at one time, held a clerical position in the employ of the county.

STOLE THE WEDDING PRESENTS.

Thieves Made a Rich Haul in Berkeley Home.

BERKELEY, Oct. 26.—Mr. and Mrs. Melville R. Matthew, a recently married couple, discovered this morning that thieves had taken advantage of their absence from home for a few day and thoroughly ransacked their prettily furnished flat in the new Thomas Block on Center street, stealing all their wedding gifts among other articles representing the value of several hundred dollars. No clew has thus far been found which might lead to the apprehension of the burglar, although private detectives have been set to work on the case.

A few days ago Mr. Matthew was called to Santa Cruz on business and during his absence, Mrs. Matthew went to live with her husband's parents, Rev. and Mrs. W. S. Matthew of 2008 Lincoln street. When she left the flat, Mrs. M. Matthew neglected to fasten a window opening into the hall of the building, making it an easy matter for thieves to engage in their work. When Mr. and Mrs. Matthew returned home this afternoon, things were in a state of great confusion. The contents of closets, drawers, etc., were on the floor and the pockets of clothing turned inside out. In their search the robbers easily found Mr. and Mrs. Matthews' wedding presents which had been hidden in one of the bed-rooms. The valuables had been placed in a wicker basket and consisted of a solid silver dinner service, besides a number of odd pieces of silver ware. In the basket Mrs. Matthew had also placed her jewelry including a gold watch, opal, pearl and amethyst rings and a number of gold breast pins.

A cracker jar in which Mrs. Matthew had placed some gold which her husband left her for household expenses, was not overlooked. The jar was an heirloom, and recognizing its value, the marauders took it with the money.

BRINGS SUIT TO RECOVER ON NOTE

Suit to enforce a claim for a $10,000 note with interest to the amount of $2,766 was begun this morning by M. Gorman against Ellen and Madeline Nigro as executors of the estate of the late Fabrizio Nigro. The claim has been rejected by the executrixes, who have refused to pay it.

According to the complaint Gorman loaned Fabrizio Nigro in June 1902 the sum of $10,000 to draw interest at the rate of one per cent a month until paid. The money has not been paid nor the interest with the exception of $250 and it is claimed that there is now due the sum of $12,516. The rate of interest it is said is exorbitant and excessive.

Nigro died recently leaving an estate valued close on to $500,000.

NILES, Oct. 26.—A Republican rally was held in the Odd Fellows' Hall here last night which was attended by a large and enthusiastic delegation.

Speeches were made by Supervisor Horner, Hon. John G. Mattos, E. K. Strowbridge and Philip M. Walsh of Oakland.

M. Schwartz of Berkeley gave a very entertaining monologue.

MRS. R. CADOGAN CALLED BY DEATH.

Mrs. Rose Cadogan, a native of Ireland, aged sixty-eight years, died at her residence, 561 Fifteenth street, last night after an extended illness. She had resided in this city for the last thirty-five years and was well known.

The funeral will be held on Friday at 10 o'clock from St. Anthony's Church.

Her husband had preceded her in death by several years. She does not leave any children, but several nephews and nieces survive her.

RUSSIAN VERSION AWAITED.

British Embassy Assured of Report of North Sea Incident.

ST. PETERSBURG, October 26, 3 p. m.—Again at noon to-day the Admiralty announced that Vice-Admiral Rojestvensky's report had not yet arrived, but the British embassy has been assured that it was on its way here. Therefore the long awaited Russian version of the North Sea incident upon which the future action of Great Britain depends cannot be much longer delayed.

The Admiralty does not offer any explanation of how the report is coming but it may have been mailed at Cherbourg, as intimated in these dispatches last night although it is possible that one of the torpedo boats which sailed from Cherbourg may have been sent to secure it.

Captain Calthorpe, the British naval attache, was at the Admiralty to-day in full uniform, in quest of information as to when the report could be expected. It is evident from the vigor with which the British embassy is pressing its inquiries that it is not the intention of the British Government to await it indefinitely and that on the contrary anything in the nature of unreasonable delay will occasion new representations. However, the Admiralty's statement conveyed to Ambassador Hardinge to-day is regarded as reassuring and altogether the situation is considered to have entered on a distinctly better phase though the acute stage cannot be regarded as having passed until the character of the Russian explanation is revealed and the British demands which will follow are presented.

If, upon the receipt of Admiral Rojestvensky's report, the Russian Government in communicating its explanation voluntarily announces that a searching inquiry will be made in order to fix the responsibility and that the offenders will be punished, it is not thought Great Britain can reasonably demand more, inasmuch as Emperor Nicholas himself has already offered an apology for the unfortunate affair and has given assurances that the victims will receive the fullest compensation.

The Admiralty has dispatched a swift ship from Vigo to ascertain whether any British fishermen are off the Spanish coast and to warn Rojestvensky.

DENIES SALE.

NEW YORK, October 26.—A report that the Union Pacific Railroad had secured an option on the Chicago-Great Western was denied today by President Harriman of the Union Pacific system.

G. B. Perratta, a scavenger accused of collecting and depositing garbage in violation of the law, was acquitted by a jury in Police Judge Samuels' court yesterday afternoon. The jury returned a verdict of not guilty on the first ballot.

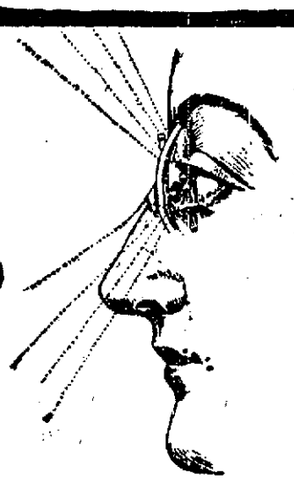

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain with Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington.

Toric Lenses

The advantage in a Toric Lense lies in much larger field of vision.

Recently we have perfected machinery by which we can make Torics accurately in a short time at greatly reduced cost.

Tennis players, golfers, sportsmen, all who have occasion to move their eyes rapidly, will appreciate the Toric as compared with the ordinary lens. Occulists prescribe them.

Chinn-Beretta Optical Co.

SAN FRANCISCO 456 Thirteenth Street, Oakland STOCKTON SACRAMENTO

STREETS CLOSED BY COMPANY.

Investigation Being Made Into the Law of the Case.

A number of streets in the vicinity of the Key Route power house on Yerba Buena avenue, North Oakland, are enclosed by a high board fence. Portions of the land fenced in are a part of the City of Oakland, and are described on the records as being a part of the city of Oakland, and mapped on the records as being part of Plat 6. The high board fence has been erected south of Yerba Buena avenue from Hollis to Hallet streets. On the records these streets are shown to be open from Peralta street to the city limits, except that Hallet, the most westerly one, runs from Twenty-eighth street north. All cross Yerba Buena avenue south of the Emeryville line. The power-house of the Key Route Railway Company is situated immediately south of Yerba Buena avenue and east of Center street, the latter being the street next west of Hallet and running parallel with the last named. Thus the fence surrounds four streets that are designated on the city's maps as being open.

Why the streets are closed and why apparently they are being used by the San Francisco, Oakland and San Jose Railway Company, is not known.

The lots included in the enclosed blocks, with a few exceptions, are owned by the corporation and it is said that freight yards and sheds are to be laid out and constructed on this property.

The city records show that there was an ordinance passed by the Council, and approved by acting Mayor Dorman, in June, 1903, by which the streets named were vacated and their closure permitted from the north line of Yerba Buena avenue to northern limits of the city of Oakland. These streets so closed were Holden, Heron, Hubbard and Hallet. Hallet, by that city ordinance was only closed for 325 feet north of Yerba Buena, while the others were closed to the city line.

The history of the passage of that ordinance which is known as No. 2201 on the city records is familiar to the citizens of Oakland.

The construction company which was organized to build the Santa Fe line and ferry connections, and which represented the railroad company in the whole transaction owned a long strip of land bounded by these streets and extending to the bay.

The privilege of closing the streets was asked for on the ground that it would facilitate their operations. It was readily granted with an agreement attached that viaducts be built across two of the streets, in the section under discussion. All, and in fact the larger part of the closed streets, which were closed for the benefit of the railroad company are in Emeryville.

This ordinance appears to be the nearest approach to a permit for closing the streets south of Yerba Buena avenue, and the ordinance reads, "from the north line of Yerba Buena avenue to the north line of the city." It does not give the right to come south of that avenue with the closing process.

It is claimed by officials whose attention has been called to the matter that there is no known authority for inclosing the public streets and using the ground for private purposes. The ownership of the ground adjacent to the streets and the closing of the cross streets north of Yerba Buena have combined to give the opportunity for the proceeding and there has been comparatively little attention paid to the matter until recently.

GIVES LECTURE ON ADDING MACHINE

The first of the course of lectures on "Mechanical Office Assistants," arranged by the Oakland Association of Accountants and Bookkeepers was presented last evening to a large number of members and guests.

T. W. White, Jr., in his demonstration of the mechanical construction and variety of uses of the Burroughs adding machine, afforded much information. The first adding machine was produced in 1643, since when there have been thousands patented, the great majority of which have proven impractical. The English Government expended nearly $100,000 in an attempt to develop a mathematical accountant over 100 years ago.

The pleasure of the evening was greatly enhanced by W. Von Manderscheid of the Oakland Bank of Savings, who has the reputation of being the most expert operator on the coast, giving a demonstration of his ability in the manipulation of the machine. His rapidity of action, detection and correction is marvelous.

WEST OAKLAND BANK READY FOR BUSINESS

The West Oakland Bank and Trust Company, with offices at 1788 Seventh street, near Pine, opened its doors for business today. The officers and directors of the bank are: C. M. Willard president; M. E. Dougherty, first vice-president; E. C. Hahn, second vice-president; C. L. Wines, cashier; William Long, O. F. Breiling, F. N. Myers, directors, and J. J. Allen, attorney.

Other banking institutions in this city sent floral pieces to the new bank in honor of its opening, in testimony of their good will.

The bank will do both a commercial and savings business, and will deal in realty as a side issue. West Oakland has needed a bank for some time, and the new bank will be a great convenience to the railroad men and others who reside in that portion of the city, who formerly were compelled to come to the central portion of the city to do their banking business.

HIS WIFE WAS NOT TRUE.

Fred Graves Proves the Charges Made in Complaint.

The allegations made by Fred Graves of unfaithfulness on the part of his wife, Sarah Graves, were found to be true this morning by Judge Ellsworth who granted him a decree of divorce from her. Mrs. Graves was named as co-respondent in a divorce suit brought by Mary E. Smith against William H. Smith and when Graves heard of it he began an investigation which resulted in his bringing an action against his wife.

Both families are now disrupted. Mrs. Smith was granted a divorce from her husband a few days ago, which is now followed by a divorce being granted to Graves. He is a ticket taker for the Southern Pacific Company and married the wife he has just divorced at Reno after she had been divorced from a former husband.

When Mrs. Graves heard of the filing of the complaint against her she attempted suicide but was found by Smith in time to save her life by a close margin. She was hurried to the Receiving Hospital and afterwards removed to the Providence Hospital where she now is.

DEERINGS DIVORCED.

An interlocutory decree of divorce was granted Henry C. Deering this morning from Emma Deering by Judge Ellsworth on the ground of desertion. His allegations that his wife had left him and refused to live with him for more than a year past were not controverted and upon the findings of fact the decree was granted.

GETS FINAL DECREE.

A final decree of divorce was granted Helen A. Arnold from Solon D. Arnold this morning by Judge Ellsworth more than a year having elapsed since the granting of the interlocutory decree, no appeal having been taken. She was allowed to resume her maiden name of Helen A. Martin.

DESERTION THE CAUSE.

Suit for divorce was begun today by Blanche L. Fulton against Joseph Fulton on the ground of desertion. They were married in May 1903 and in September following he deserted her after four months of married life. The plaintiff alleges that she is barely able to gain a livelihood as a dressmaker's apprentice and asks that her husband be made to pay the costs of the action. She also asks to be allowed to resume her maiden name of Blanche L. Phelps.

RECEPTION TO UNION MEN.

P. H. McCARTHY AND O. E. TVEITMOE ARE GIVEN A WELCOME.

A reception was tendered last night by the Building Trades Council to P. H. McCarthy, president of the State organization, and O. E. Tveitmoe, the secretary.

Mr. McCarthy has just returned from the national convention of carpenters and joiners at Milwaukee and reported on the work done there. He said he was pleased and gratified that the delegates from the East had recognized the ability of J. T. Kern of this city and elected him third vice president of the general executive board. He also spoke of the difficulties in California between the carpenters and Building Trades Council.

W. E. Berry, J. R. Bowen and R. G. Gale have been appointed a committee to represent the Building Trades Council in making the arrangements for the mass meeting to be held in this city November 15.

INITIATED NEW MEMBER.

One new member was initiated into Teamsters Union, No. 70, at its regular meeting last night. An impromptu entertainment was given in which different members of the organization took part.

John Connor, who has been working in Santa Cruz for the past two months was present and reported on the labor conditions in that city.

COOKS AND WAITERS MEET.

After the regular routine business was discussed at the cooks' and waiters' meeting last night, C. W. McBride was appointed floor manager for the dance which will be given in Germania Hall tomorrow night. The committee of arrangements reported that present indications favor a very enjoyable evening.

VIEWS OF J. R. RICHARDSON.

J. R. Richardson, secretary of the Co-operative Meat Company, made the following statement last night in regard to the suit brought against the company by Conrad Schensel, Eugene Lafferty, Charles Zeigler and James Stewart for $280, which they claim is due them for back wages:

"If this thing was squared up it would be found that those men owe the company double the amount they ask. When two of them were sick they received their regular wages right along.

"Besides their wages, Lafferty and Zeigler were in the habit of taking from $10 to $15 worth of meat home every week, and it is my opinion that they were selling it to their neighbors, thus making double their regular wages."

AUTO COLLIDES WITH BICYCLE

NEW YORK, October 26.—Something new in the automobile accident line happened at Flushing, Long Island. While running at high speed, a head on collision occurred between a big car and a motor-cycle. B. R. Young of Jamaica, who was riding the latter machine, was badly hurt, while the chauffeur of the automobile was hurled out and somewhat bruised.

The smaller machine was completely wrecked and the automobile sustained damages necessitating its being taken to the shop. The collision occurred on a sharp curve and neither driver heard the other approaching.

SAYS SHE TOOK HIS DIAMOND.

A. W. Clark Meets a Woman and Then Misses His Jewel.

Alfred W. Clark was before Police Judge Samuels this morning in an endeavor to obtain the return of a diamond ring valued at $40, which, he alleges, Miss Marie Hotchkiss took from him without his knowledge.

He made the acquaintance of the young lady without the ordinary precaution of having a responsible party introduce them. The acquaintance ripened rapidly until Miss Hotchkiss is alleged to have obtained possession of the diamond ring.

After that there was a cold indifference and a parting of the ways. The couple did not meet again until in the Police Court this morning. Miss Hotchkiss refused to recognize her accuser.

The case went over until tomorrow, when Judge Samuels will set it for trial.

Jones, who is an old man, says that he thought the car had stopped and stepped off. He was thrown violently forward and received several cuts on the right side of his face.

Passengers on the car assisted the old man to his feet and after several moments he was able, with the assistance of two men, to walk to his home two blocks away.

KEEP ADVISED ON NORTH SEA INCIDENT

PARIS, October 26, 2:20 p. m.—The Foreign Office here is kept constantly advised of the developments in the Anglo-Russian incident and its influences are being formally exerted to calm the agitation and prevent the affair from drifting into a serious international aspect. Thus far the situation has not been considered sufficiently grave to warrant Foreign Minister Del Casse to adopt formal steps toward conciliation as the advices continue to show that Russia is taking the initiative in the direction of making suitable amends.

REPORT IS MADE ON PLANS.

COMMITTEE FROM EXCHANGE GIVES VIEWS ON PROPOSED SCHOOL BUILDINGS.

The special committee appointed by the Merchants' Exchange to confer with the Board of Education on plans for the new school buildings last night made report in which they reviewed the facts in relation to the publication of the notice to architects and then said.

"The time permitted for the preparation of plans from date of the first notice to September 30th, is seventy-five days, and from the date of the second notice to September 10th, fifty-five days. It will be noticed that architects who received the first notice and went to work in good faith had seventy-five days in which to prepare plans.

"The advertisement for competitive plans is entirely in accordance with law, a few things only being in the discretion of the Board, one of these being that of time. Some question has been raised as to the length of time permitted by the Board, but your committee ascertained by inspection that some of the most prominent architects of the State submitted plans for eight different propositions, and when it is remembered that the planning of a class room is the same in all buildings, and at least four of the buildings would be constructed on nearly identical plans, it would seem to your committee that the time allowed was not too short.

"The Board of Education is crowded for room and as the money is on hand, the Board is anxious in the least possible time to secure the construction of the much-needed modern school building.

"We find that the Board has at its service a committee consisting of Dr. Dressler of the State University, who has charge of school sanitation, Principal Garlick, one of the oldest principals of the Department, the City Superintendent of Schools, and the principal of the school for which the building is to be constructed, who are to study carefully into the arrangement of the building with reference to light, heat, ventilation, school management, etc.

"The Board has secured the services of what we believe to be honest and capable engineers to figure the estimated costs of the several buildings as submitted by the architects, and the strength of the mode of construction and to see that the buildings are of the very best.

"We are assured by the Committee that before the final adoption of the plans, experts will be invited to pass upon the architecture of the buildings.

"Your committee, with the committee on School Houses and Sites, examined the perspective of the large number of plans submitted and we believe the committee will use every effort to select suitable plans for the buildings to be erected.

"We are also assured by the committee on School Houses and Sites, that no plan will be adopted and no buildings erected unless in the judgment of the competent school architects such plans and buildings are in every respect well adapted for the use of the School Department, and that if the present plans are not satisfactory the matter will be re-organized. Your committee was appointed to ascertain facts and not to draw conclusions therefrom.

"We therefore report the foregoing facts ascertained by us, and leave the matter to the judgment of the Merchants' Exchange.

"Your committee desires to thank the Board of Education for the courteous treatment accorded them and for the spirit of fairness and frankness displayed by the Committee on School Houses and Sites. At the risk of exceeding our powers we express the opinion that the interests of the School Department of Oakland are safe in the hands of the honorable and competent gentlemen composing the present Board of Education."

HINCHMAN HAS RESIGNED.

REFUSES TO REMAIN IN THE ALAMEDA BOATING CLUB.

ALAMEDA October 26.—As an aftermath to the trouble between the Alameda Boating Club and the Pacific Athletic Association, William B. Hinchman last night tendered his resignation to the former organization.

Besides being a member of the Alameda Boating Club, Hinchman is president of the Pacific Athletic Association. His resignation was not accepted at last night's meeting, but a committee composed of Fred Cone, Frank Browning and George Miller was appointed to visit Hinchman and explain the trouble between the Alameda organization and the Pacific Athletic Association and endeavor to have him withdraw his resignation.

Recently the Alameda Boating Club withdrew from the Pacific Athletic Association because of some trouble over prizes. At that time the Alameda association passed some very caustic resolutions against the Pacific Athletic Association. Being a member of the Alameda club, Hinchman as president of the Pacific Athletic Association construed the resolutions as being in part an insult to him, hence the tendering of his resignation last night.

The resignation of the Alameda Boat Club from the Pacific Athletic Association has not been accepted as yet, and so last night the former organization elected three delegates to the Pacific Athletic Association meeting. These delegates are Al. Kihn, Frank Browning and W. C. Donnelly.

MILLER'S PLAN IS DISCUSSED

The special water committee met yesterday afternoon in the offices of Mayor Olney and considered the project of supplying the city of Oakland with water presented by Engineer M. K. Miller.

This scheme contemplates a system of artesian wells in the southern part of the county along what is known as the artesian belt. It provides for the expenditure of $4,000,000.

There was nothing definite decided on by the committee. The same arguments presented by Miller before the Council were again produced for the benefit of the committee.

At 4 o'clock this afternoon the entire Council will meet in the offices of the Bay Cities Company in San Francisco to look over the data of the company.

WOULD DENY THESE STUDENTS A VOTE

NEW YORK, October 26.—Based upon a recent decision by the Appellate division of the State Supreme Court denying the right of non-resident students to vote in the districts where they attend college, legal procedings are to be instituted at the instance of a political club at Columbia University to mandamus the boards of registry and compel them to strike every student's name from the official list of voters.

There are two thousand voters attending Columbia. Half of them are legally empowered by actual residence in this city. But the other half are likely to be denied a vote under the appellate decision, in which all the justices of what court have concurred.

If the mandamus campaign is extended to all the colleges of the State many thousands of votes will be lost.

SOCIAL CLUB ENTERTAINMENT.

A grand entertainment is to be given by the West Oakland Social Club at Alcatraz Hall on the evening of November 28th.

GERMANY WANTS CONFERENCE.

WILLING TO APPEAR AT THE HAGUE PEACE CONVENTION.

BERLIN, October 26.—While the United States' note inviting a second peace conference at The Hague for the purpose of broadening and strengthening the original convention has not yet been received by the government, the Foreign Office again emphasizes to the Associated Press Germany's wish for another conference. This must, however, avoid plans for universal peace and aims solely at practicable reforms. While the conference cannot have any direct effect upon the Russo-Japanese war, since neither side wishes outside interference, still questions of international law have arisen in connection with this war which demand a settlement and it lies to the interest of the world's peace to reach an international agreement on such questions and get as many nations as possible to subscribe to its terms.

SAY NO SHOTS WERE FIRED.

ANOTHER VERSION OF THE AFFAIR ON THE NORTH SEA.

CHERBOURG, October 26.—As a result of the visit of the Russian torpedo boats here on Monday, a report is circulated in naval circles giving the following version of the North Sea incident:

"The Hull fishing fleet had its lights extinguished when the torpedo boats making up the Russian fleet collided with some of the fishing boats. The Russians claim that no shots were fired and that they were about to render assistance when other fishing boats succorring the damaged craft, the torpedo boats proceeded. One torpedo boat, which is said to have been damaged, is said to have been repaired in the outer harbor here during its stay on Monday, but this is not confirmed."

RUSSIAN SHIPS ARE SIGHTED

LONDON, October 26.—A steamer which has arrived here reports sighting, sixty miles northeast of Urhant, four Russian battleships. Three and a half hours later the steamer sighted three other battleships, some cruisers and a transport and at 4:30 in the afternoon he saw three torpedo boats with a transport, all steering southwest.

WEST OAKLAND CLUB'S BOXING SHOW.

Six Good Four-Round Bouts Will Take Place on Evening of November 1.

Matches have been made for the next month's boxing night of the West Oakland Athletic Club which will take place on November 1. The monthly shows given by the West Oakland Club are always full of fight and those attending are certain of getting their money's worth.

For the club's November show there will be six four-round bouts. The first will be between Jack Dolan of the West Oakland Athletic Club and Chuck Graham of the San Francisco Athletic Club. The youngsters will weigh in at 120 pounds.

The next bout brings out Dewey Smith of the Bay City Club and Gus Cuneo of San Francisco. This will undoubtedly be a fast and furious battle.

Then will come Pat Leary of Oakland and George Erichard also of this city. They will fight at 125 pounds and are expected to furnish a rattling mill.

Young Ganley and John Mack, the former of the West Oakland Club and the latter coming from San Francisco, are expected to give a speedy exhibition. They will weigh in at 130 pounds and both are lightning boxers.

The next event will be provided by Kid Sullivan and George Sparrow, both of San Francisco. This will be a fight to a finish and they will no doubt damage each other before the contest is minutes.

The last event of the evening will be between Kid Fresno and W. McAuley. Both hail from Oakland. They are signed to fight at 125 pounds.

Tickets for the boxing exhibition are selling rapidly and all indications point to another full house for the West Oakland Athletic Club on the evening of November 1.

OAKLAND LOSES TO TIGERS.

HAD A CHANCE, BUT THE STICK WORK WAS LACKING.

What might have been never was and Tacoma took yesterday's game away from Oakland with a score of 9 to 1. Keefe pitched a steady game for the Tigers, allowing but one hit up to the eighth inning. Buchanan was hammered for ten in the same period and another was annexed in the last inning.

For a little while yesterday it seemed as though Oakland was going to pull the game out of the fire, but it was not to be. With the bases filled in the eighth a quick throw to second was fumbled and Devereaux shot home from third. Then Dunleavy appeared and hit the ball 333 feet to the field fence scoring two runs. Then Schlifley hit safely and brought in Dunleavy. That made four runs and then Oakland's lamp of hope burned out. Summary:

DR. ANDREW DEAN IS DEAD.

PHYSICIAN PASSED AWAY AT HIS HOME IN HAYWARDS.

HAYWARDS, October 26.—Dr. Andrew J. Dean died at his home here about 1 o'clock this morning. Death was caused by rheumatism of the heart. Deceased was 46 years of age and a prominent physician in this vicinity.

Dr. Dean was a native of Toledo, Ohio, and when but a boy came to California with his parents who settled in San Francisco and there the physician grew into manhood. Dr. Dean attended the medical school of the University of California and graduated from there in 1880. Almost immediately he came to Haywards and here began the practice of medicine. He had resided here up to the time of his death.

For many years Dr. Dean took an active interest in the political affairs of this section of the county and shortly before his death was a member of the Haywards School Board, which position he resigned because of ill health.

Dr. Dean had long been a sufferer of acute rheumatism. He was attended by a number of physicians and everything possible was done to alleviate his sufferings. He gradually grew worse however and when the affliction attacked his heart it was known that his death was only a question of days.

For the past two days Dr. Dean was living at the point of death and although constantly attended by physicians all hope was given up.

As a physician Dr. Dean bore an enviable reputation and was honored in his profession. He was unmarried. He was a member of the State Medical Society, the Alameda County Medical Society and the Oakland Lodge of Elks.

STROUD TO PLAY IN GAME.

CAPTAIN OF 'VARSITY WILL BE OUT OF HOSPITAL IN TIME.

Ben Stroud, captain of the University of California football team, will be able to play in the Berkeley-Stanford game, so stated his physician Dr. H. G. Thomas today.

In explanation of Stroud's condition Dr. Thomas said:

I ordered Stroud to quit practice for a week at least, that I might give his ear proper attention. The trouble was caused by an injury that brought on a considerable inflammation. There was no use in taking a chance. The operation has been entirely successful. I shall not permit Stroud to return to the field until next week. By that time all danger from a recurrence of the trouble will have passed.

STRENGTH TESTER FOR HIM.

MACHINE TELLS "YOUNG CORBETT" JUST HOW FAST HE IS.

In his training for his battle with Nelson Young Corbett will work with a set of apparatus designed by Professor Sargent, the physical instructor of Harvard which tells just how strong a man is and also how fast. With the aid of an electrical contrivance the boxer will be able to inform himself to 1-100 of a second just what his speed is, how fast he is punching and whether he is hitting over a given distance from a given angle. He will know to an ounce how many pounds of hitting power he puts into his blows and whether the work is developing him. This is what Young Corbett writes about the machine:

The time for guess work in training has gone by. I want to know just what I am doing without guessing by any rule of thumb.

By the apparatus furnished me from Harvard I can tell exactly my speed and strength and my wind endurance. If I am slow I will know exactly what I have to gain and the machines will tell me if I am catching up.

In almost every other sport the watch tells you without fear or favor whether you are a good or bad fist or slow. Many a fighter and especially those who are going back have kidded themselves along with the notion that they were as good as ever when in fact they were on the toboggan.

Even a conscientious trainer will often fail to discover the truth. I had my speed and punching power and lung endurance tested and charted when I was at my best before fighting McGovern and I am going to use those figures as a standard to train up to and beyond. If I am going back I will know it right away for the apparatus doesn't lie. There isn't a one in a four flush in a thousand years of this machinery but you never know what you are up against when a sparring partner pulls off the gloves and cries:

Youse are better than youse ever wuz. Say, you'll lick dat stiff. Take it from me!

That doesn't go with me any more. I want the hard cold facts about myself and I am going to get them.

Albert Flynn, arrested not less than two score of times for drunkeness, pleaded guilty to the charge this morning in the Police Court, but vigorously denied that he was a vagrant by virtue of habitual intemperance. He had his trial set for October 1.

Keep Out the Trading Stamp.

Oakland is one of the few large cities in the country from which the pernicious trading stamp has been completely driven. By concert of action the merchants in every line of business have discarded a device that is in the nature of a fraud on the public and which is an unqualified nuisance to business men who propose to give their customers one hundred cents worth of goods for every dollar expended in their establishments. This cannot be done under the trading stamp system. In the end the customer pays the amount of the stamp rebate in added prices for his goods. This is no advantage to either customer or merchant, hence the trading stamp device is a hocus-pocus that is intended to deceive the public with the idea that something is to be had for nothing.

Having been once driven out of the city, the trading stamp should never be permitted to gain another foothold here. It should be kept out in the interest of fair dealing. It cannot benefit customers, and it does interfere with the principle of fair play between business men. It is much to the disadvantage of the merchant who transacts business strictly on the square, and common sense teaches that the merchant who is strictly square with his patrons gives the best bargains and is in every way the safest man to deal with. Illegitimate devices and irregular methods are invariably to the disadvantage of the customer, who is deceived by pretenses which prove to be false and are merely baits for the credulous and unsophisticated.

It is necessary to say a word on this subject because an energetic attempt is being made to again bring the trading stamp in use in Oakland. The attempt should be frowned down. It should be emphatically condemned by both the trading public and the mercantile community. The local commercial bodies have set their faces against it, and the public should co-operate with their efforts to enforce equity and fair play in business.

The trading stamp is out of Oakland now; let it be kept out permanently. Its essence is a scheme to gain trade by offering a false rebate.

Mr. Cleveland will now probably retire again into innocuous desuetude.

The Japanese report that they have found the bodies of over 13,000 Russian dead on the field of the recent battle. As many of the Russians killed undoubtedly fell within their own lines, the Japanese figures, if correct, prove Kuropatkin's loss to have been staggering. If the Japanese found 13,000 bodies, the Russians killed must have numbered at least 15,000, indicating a total loss in killed and wounded of not less than 60,000. Perhaps the Japanese figures are exaggerated, but the reports from Mukden, while not going into details, place the Russian loss at not less than 40,000. This is as likely to be an underestimate as that the Japanese figures are an overstatement. It is worthy of note that the latter have the merit of exactness; they state the number found dead in front of each of the three grand divisions of Oyama's army. But while the Japanese give out the number of Russians slain they withhold a detailed statement of their own losses. They must have been tremendous. If the facts were fully known they would probably show a combined loss to both armies approximating 100,000, or something like twenty per cent of the men engaged.

There was no more useful member of the last Assembly than Philip M. Walsh. He took part in all important legislation and was a leader of discussion on the floor. He is the right sort of man to send back, and the voters of the Forty-eighth district are going to return him to the Legislature by a largely increased majority.

"What do you mean by sound currency?" asks an inquiring subscriber. Coin that rings true. Pass it along—now is the time to subscribe.

A negro divine insists that Adam and Eve were black. He claims that the white people of to-day are their descendants who have become bleached out by habit, diet, climate, environment and other causes. There is as much reason in his theory as the theory that Adam and Eve were white and that a portion of their descendants turned black and yellow and brown.

John J. Burke is making a stirring and winning canvass in the Forty-ninth Assembly district. He is a capable and popular young man, and makes friends wherever he goes. He gives the voters a frank, sensible, business-like talk whenever he speaks that impresses them with his earnest desire to serve them well.

Roosevelt and the Jews

The American Hebrew, the leading periodical in the United States devoted to the interests of the Jews, reprints with approbation the following article from the London Jewish Chronicle:

"Jews would be churlish ingrates if they did not recognize the efforts that the United States continue to put forward on behalf of their race. Opinion in England has differed since Lord Palmerston's day as to the desirability of a nation sallying forth like a knight-errant among the peoples of the world, in order to protect the weak and right the wrong. But the United States are still ready to break a lance on behalf of the oppressed, and after making all due allowance for Electoral exigencies, we may hail President Roosevelt as the nearest approach to the political knight errant that exists in the latter-day world. We do not forget his manly stand for the Roumanian Jews and his attempt to bring the signatory Powers of the Berlin treaty to a sense of their obligations under an instrument to which his Government was not a party. Some dispatches which were printed only last week bore striking testimony to the deep interest which the President still takes in the situation of our Roumanian brethren. Nor will Jews forget the part Mr. Roosevelt played in the Kishineff agitation. The President refers to his action in the course of his letter of acceptance of the Republican nomination. With perfect justice he remarks that 'no other administration in our history, no other Government in the world, has more consistently stood for the broadest spirit of brotherhood in our common humanity—or has held a more resolute attitude of protest against every wrong that outraged the civilization of the age, at home and abroad.' * * * The President's uniformly kind attitude towards our people has earned him in the columns of the Siecle—a friendly journal—the title of 'The New Moses.' His conduct probably springs not so much from a love of Jews, as from a passion of right. But Jews will not, on that account, withhold from him the gratitude due for his labors in their behalf."

"This testimony from the chief organ of English Jewry is eloquent evidence of how our brethren abroad regard President Roosevelt's endeavors to be of service to our people," comments the Hebrew. Naturally President Roosevelt's efforts to ameliorate the condition of the Jews in Roumania have inspired a feeling of gratitude in people of the Jewish race, but his resolute stand for freedom, equal rights and order appeal strongly to Jews as a class. They desire peace and order and equality of opportunity above things in government, and these are precisely the things for which the President is most notably distinguished. The Democrats refer to him as a man of warlike temper, but he is only a fighting man when opposed to wrong and abuses. He is not so devoted to peace that he will not fight for justice. He personifies the spirit which refuses to purchase quiet with infamy or to obtain peace by dishonorable surrender of principle.

A Foolhardy Defiance.

The Czar's merry, merry tars appear to have fired on the British fishing boats in much the same spirit that prompts a boy to hurl a stone at a flock of birds. The more the matter is sifted, the more it appears that the firing was the result of a drunken freak or a reckless and foolhardy desire to bid defiance to the British. In other words later developments indicate it to have been an intentional insult to the British nation. It will not cause war, but it will cause the Russian Government to drink humiliation to the dregs that hostilities may be averted. In the present situation the Czar cannot afford to go to war with Great Britain. In the event of hostilities breaking out, the Baltic fleet would be destroyed to a certainty and the entrance to the Gulf of Finland put under strict blockade, and so would the entrance to the Black Sea. The consequences would be disastrous to Russia, which is already embarrassed financially and in sad plight internally. It is evident that the Muscovite Government is straining every nerve to allay British indignation and secure delay. But the singular feature of the affair is the neglect of the Russian admiral to report the occurrence or to take any steps to mitigate the barbarous and wanton character of his act. However, in view of past experience with Russian diplomacy, it is not impossible that the St. Petersburg authorities are withholding information and are pretending ignorance till they can get a plausible story cooked up.

We reprint to-day from the San Francisco Examiner an article dealing with the affairs of the Realty Syndicate. Some grave charges are made in this article, chief among them being the allegation that the assets of the corporation are grossly padded and that long term certificates, for which there is no legal security, are being sold by deceptive representations.

As the Realty Syndicate figures largely, in many ways, in Oakland, these allegations are of universal local interest. They will also excite lively attention in the many different localities where the certificates of the Syndicate are held. Naturally they will call forth statements in denial or rebuttal from the gentlemen composing the Syndicate.

Such an important piece of local news cannot be ignored, and THE TRIBUNE offers the free use of its columns to the managers of the Syndicate to make any statement in denial or explanation they may see fit to offer. Every facility at our command is freely extended that the facts may be made known and justice done. In a case of such gravity, there is no other right and fair course open; and THE TRIBUNE desires to be perfectly fair to all concerned. Since the publication has been made in the Examiner, it is imperative, in the interests of the Syndicate as well as the interests of the public that the facts should be made plain. Our columns are open to the Syndicate managers to present their side of the case in their own way.

August Belmont has lost a thousand-dollar dog wearing a five-hundred-dollar collar. How much will his losses total after the defeat of Judge Parker?

For a long time the Democrats clamored for Parker to make speeches. Now that he has delivered a few they wish he had kept still. It was a case of jumping out of the frying pan into the fire.

Five to one on Roosevelt and business booming. That is the latest from New York, and it looks good to the country at large.

CHIPS FROM OTHER BLOCKS.

It is charitable to suppose that Judge Parker got his misinformation concerning the Philippines from the Hon. Dave Hill.—Chicago Tribune.

Count Okuma says the war will cost Japan not less than a billion dollars. The Emperor will feel this when he comes up for re-election.—St. Louis Globe-Democrat.

Wood alcohol is probably the most effective cure of the liquor habit yet discovered. A sufficient quantity of it in ordinary liquor will cure the one who drinks it so that he will never drink anything again.—New York Tribune.

"How Millionaires Give Away Money" is a magazine article that will be read with close interest.—Newark News.

Mount Pelee has exploded again. It really didn't need to. The work was pretty thoroughly done before.—Minneapolis Journal.

There is a popular proverb that if "opportunity were all forelock, Democrats would not get a hair." The New York State convention has done its best to exemplify the adage.—Pittsburg Gazette.

Another shipload of patience will have to be smuggled into Port Arthur if Stoessel is to hold out until Kuropatkin comes to his relief.—Chicago News.

WE HUMBLY APOLOGIZE.

The OAKLAND TRIBUNE, with much gravity but with sad lack of gallantry, states that at the recent Republican meeting at San Leandro "There were a number of women, old and young." The TRIBUNE should know that there are no old women in San Leandro.—San Leandro Standard.

LIKES THE TRIBUNE'S CARTOONS.

One of the best cartoons of the present campaign is that in the OAKLAND TRIBUNE, which represents Vesuvius in action and by its side another volcano formed by the likeness of Bryan, with Parker on the Democratic mule looking up to him, with a very perturbed expression on his face. Under the cartoon are the words: "Vesuvius is again in eruption—but Bryan is yet to be heard from."—Juneau, Alaska, Record-Miner.

EPIGRAMS BY ROOSEVELT.

Obedience to the law is demanded as a right; not asked as a favor.

The Nation, like the individual, cannot commit a crime with impunity.

The law must not only be correct in the abstract; it must work well in the concrete.

Good laws in the State, like a good organization in an army, are the expressions of national character.

Back of the laws, back of the administration, back of the system of government, lies the man.

It is difficult to make our material condition better by the best laws, but it is easy enough to ruin it by bad laws.

We ask no man's permission when we require him to obey the law; neither the permission of the poor man nor yete of the rich man.

The crime of cunning, the crime of greed, the crime of violence, are all equally crimes, and against them all alike the law must set its face.

Hints for the Ladies.

The following is a remedy for chapped lips: Take three teaspoonfuls of quince seeds, add to them half a pint of water; boil down to a quarter of a pint, then add two ounces of glycerine and scent with a few drops of any preferred perfume. This preparation is also very good for chapped hands.

The aramatic bath, partly ammonia, is liked by those who feel faint, and is the baths of baths for the woman with a weak heart. Let the woman whose heart does not beat well practice walking. Let her take the walking exercises vigorously. Then let her take a bath in aromatic vinegar and let her finally steep her nose in a bottle of the vinegar, and while she is dressing let a saucer of it stand in the room. This is the best way to get the full scent of the vinegar and the best results from it.

For burns and scalds have handy on a shelf easily reached a bottle with equal parts of linseed oil and lime water, and in case of burns and scalds apply immediately, placing cotton wool or a rag over it. The pain will cease at once, and if the dressing be allowed to remain undisturbed a permanent cure will be effected.

A very good preparation to try when the hands have become rough is made of two ounces of spermaceti, two ounces of white wax and two ounces of sweet almond oil. Melt the three ingredients together over a gentle fire and add one ounce of camphor in shavings. Remove it from the fire when the camphor is dissolved and stir until the mass concretes.

Women who will spend hours massaging their faces nearly always neglect to include their ears in this renovating process, the consequence being that their ears lose their color and flesh. The importance of massaging the ear is urged by a leading beauty specialist. As women advance in age and lose inevitably their girlishness, the ear has a tendency to grow old with the rest of the face. It loses its pretty pink freshness and begins to stand out from the head, as if it had taken to growing again. This is due, probably, to the sagging of the muscles in front of the ear and to the shriveling of the ligaments and the soft padding of fat. Delicate massage with the tips of the fingers is said to resuscitate the nerves, quicken the circulation and nourish the cartilage of the ear in time restoring the delicate pink flush that is so much admired.

THE ROUGH RIDERS.

Woe to the lords of the land oppressed
When the flowing tide runs strong,
With a freight of hate on its sullen breast
And the vengeance that waited long!

They ruled the isle with a rod of steel,
With a scourge they smote it sore,
Till its manhood broke, for it would not kneel
And it knew its sons no more.

But back to the land of love and woe
They came to demand their own,
And a scoffing world looked on, till lo!
It saw they came not alone.

For out of the North and out of the South
And out of the East and West,
Welcome as rain to a land of drouth
Went our bravest and our best.

Nothing they feared, alive or dead,
They were not of the fearsome kind,
They followed wherever their captain led,
And his place was not behind.

Well to the fore in every fray,
First on the crest of San Juan height,
They fought in the straight Rough Rider way—
As their captain loves to fight.

They cleared the isle of the tyrant horde;
They gave it into its people's hand—
God send one day such another sword
For another captive land!

But work is now for the Rider bold,
To clear the land that he loves the best
Of its evildoers and evils old
And many a civil plague and pest.

What our captain says he will surely do;
What our captain does will not be ill;
And the millions behind him here are true
As the Riders who rode at San Juan Hill.

—James Jeffrey Roche, in The Boston Pilot.

LEST WE FORGET.

Think first of eighteen eighty-four,
When you passed Grover through the White House door,
Then think again of the promises made,
But alas, like the dew, so soon to fade.

"Protection is robbery," so they said,
And into that trap you were easily led.
Eight years had only passed away
Then the "Dems" again led you astray.

They are giving you now the same old bluff,
Not knowing that you have had enough
Then think of the 'Dems"—so "safe and sane,"
At the head of our nation—once more to reign.

Now think of eighteen ninety-two,
Your courage gone—you felt so blue;
Then think of that tearful, bitter pill,
How hard to swallow—that Wilson bill.

Think of the blunders—at least a score—
That made the 'Reps" feel mighty sore.
Think of the workman—his pitiful tale,
When he looked at his empty dinner pail.

Take good advice—join the Roosevelt fold
Whose policies all are true as gold,
Build on a base that you know will last;
Be true to them now—if you've not in the past.

Vote for 'Teddie," the man who has stood the test
For what he has done has been for the best.
Confide in the party that stands by you.
The Republican party that sees you through.

Have I made the past sufficiently clear?
Is there anything more you'd like to hear?
Yes, November is coming so now decide
To vote the "Rep" ticket, and go with the tide.

AMONG THE LOST SOULS.

Prof. Howison Gives His Views About Money-Makers.

BERKELEY, October 26.—Professor George H. Howison, the head of the philosophy department of the University of California, who attained considerable notoriety some time ago by declaring that all newspaper reporters were "lost souls," surprised his class in ethics a day or two ago, by roundly denouncing the modern football game.

"We are, by countenancing football, merely going back to the days of the Roman gladiators," said Professor Howison. "The game is a brutal one and carries with it all the repulsiveness of the age when men urged each other to fight in an arena, merely for the sport of the thing.

"The modern football game has all the marks, and is simply another form of the gladitorial contests of the Latins," went on Howison. "Thousands of people crowd around the gridiron, as the Latins did about the pit, and cheer and cheer if some player is carried off the field severely or fatally injured."

Professor Howison then took a shot at people who are inclined to make money, and placed them in the "lost soul" category.

"This is also an age when most people have the fever of money-making in their blood," declared the Professor. "Any one who is imbued with the instinct of money-getting is a lost soul."

MARKHAM HAS RESIGNED.

GENERAL MANAGER OF SOUTHERN PACIFIC TO RETIRE FROM COMPANY.

SAN FRANCISCO, October 26.—C. H. Markham, general manager of the Southern Pacific Company, has decided to retire from the active field of railroad affairs to engage in a more lucrative business in the State of Texas. He has tendered his resignation to President Harriman and asked to be relieved of his present duties as early as possible; but it is announced that he will continue in the general manager's office until his successor is appointed. Just now President Harriman and J. Kruttschnitt, director of Main enance and operation, are diligently looking for a man of sufficient experience and capabilities to fill the important post.

Markham's resignation caused a small-sized sensation in the general offices of the Southern Pacific Company when the news was made public yesterday. It was the more surprising because, even to the general manager's most intimate friends, it seemed incredible. Ever since Markham came here from Texas in April last to enter upon the duties and responsibilities relinquished by J. Kruttschnitt he has been regarded as a fixture in the office.

FISCHER'S THEATER HAS BEEN SOLD

SAN FRANCISCO, October 26.—The passing of Fischer's was completed yesterday when E. A. Fischer and C. B. Rolman transferred their interest, which was that of control, to Paul Friedman, Henry Cahen and Tony Lubelski of the Novelty Theater Company of Oakland. The doors of the showhouse that has passed through eras of success and of depression during the few years of existence will be closed till November 7, when it will be opened as a vaudeville place of the 10 and 20 cent order.

SIXTEEN YEARS IN PRISON.

Murderer of Geo. Morse Receives His Sentence.

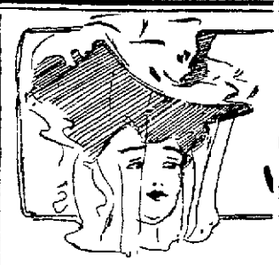

MARYSVILLE, October 26.—Claude F. Hankins, the boy murderer, was sentenced yesterday to sixteen years in San Quentin for killing George B. Morse, son of Detective Harry N. Morse of San Francisco at the Bolles farm near Marysville on July 19. Judge McDaniel informed Hankins that by good behavior he can reduce his actual term to ten years. The motion of Attorneys Carlin and Johnson for a new trial was denied, but a stay was granted pending an appeal to the Supreme Court.

Counsel made a strong effort to have the boy sent to a reform school, but the judge considered the offense too grave and the opportunity to escape too great. He said Hankins was too dangerous to take chances with and that his influence on other boys in the school would be bad for them. The opinion of the Court was that the boy stands a better chance of being reformed in the penitentiary than in a reform school.

Hankins is only 14 years old, but took the sentence like a mature man. He said afterward that he expected to fare worse and had figured the exact time that would be required to serve out a twenty-year sentence with credits deducted. He said that he preferred San Quentin, because it was nearer his relatives in Alameda.

The bride will be gowned in white silk daintily fashioned with a yoke of real lace. The embroidered veil which she is to wear was worn by her mother and eldest sister and will lend an unusual touch of sentiment to the pretty scene. She will carry a shower of bride's roses.

GOOD WORK OF THIS CLUB.

QUARTER-CENTURY REPUBLICAN CLUB CONDUCTING FINE CAMPAIGN.

Editor TRIBUNE: The old-time Republicans are coming to the front, shaking off the apathy which seems to pervade all parties in this campaign. The old guard is setting an example for the young Republicans to follow.

The Quarter Century Club, numbering over four hundred members, is coming to the front to maintain the high honor of Alameda county as the banner Republican county of the State, and it remains for the young Republicans to get into the fight and help save the Republican banner to Alameda county.

Read the following communications and get into the swim.

A. W. BISHOP.

Oakland, Cal., October 25, 1904. A. W. Bishop, Secretary Quarter Century Club, Oakland. Dear Sir—My first vote was cast in 1851. I voted for J. W. C. Freemont for President in 1856, and have voted for every Republican candidate for President since that date. Yours,

A. K. GRIM.

Piedmont, October 25, 1904. A. W. Bishop, Esq., Secretary Quarter Century Republican Club of Alameda County. My Dear Sir—Replying to your esteemed circular just received, I wish to express my appreciation of the efforts of yourself and President Gray to arouse our fellow Republicans to the necessity of prompt and vigorous action, during all of the brief period before the Presidential election, now so close at hand. I have been a persistent Whig and Republican voter for sixty-three years, having voted for the election of General Wm. Henry Harrison in 1840 and voted for the gallant Henry Clay in 1844, lacking a few months of being a voter in 1840. Kindly continue my name upon your rolls.

"Eternal vigilance is the price of Liberty."

Yours for Roosevelt and the cause,

LUCIUS A. BOOTH.

To the members of the club:

The election of Roosevelt and Fairbanks, together with entire Republican ticket must be accomplished. Overconfidence leads to apathy—and apathy often leads to defeat. Therefore Republicans should be up and doing.

Owing to the limited time intervening before the election, it is deemed advisable not to rely upon public meetings of the club—but rather by written appeals to members, arouse an individual enthusiastic action during the intervening period, and a personal attendance at the polls on Tuesday, November 8th, 1904, the day of the election—urging Republicans to vote early—that Alameda county may again take its position as "Banner Republican county of the State."

Send in names of Republicans who have voted the Republican ticket for a period of twenty-five years, that they may be entered upon the roll of honor, giving address and years a voter.

GILES H. GRAY, President.
A. W. BISHOP, Secretary.

Food the Cause and Another Food the Cure of Stomach Ails.

When sickness comes it's best to go to the root of the trouble at once—take away the kind of food used when the person got ill for the food evidently didn't keep the body up. Feed the patient on Grape-Nuts. That is the way of the food cure which has so many remarkable cases to its credit.

"Several years ago my husband became affected by a most disagreeable and painful diarrhea, lost his appetite and grew shockingly thin and haggard. I persuaded him finally to see a physician but after taking a course of medicine he was worse than ever and this discouraged him so he tried a lot of home-made remedies but they gave him only temporary relief.

Finally I persuaded him to try another physician who treated him for indigestion which he said was the cause of all his trouble, but after several months' treatment the physician said: 'You have let it run so long it has become chronic and exceedingly difficult to cure and you will always be troubled more or less.'

"Well you can imagine how this made him feel.

"Sometime after that some friends advised Grape-Nuts food and he thought he would just give it a short trial. To our surprise he began to improve at once. He kept on each day getting better and better until now he can eat anything he likes and declares he never felt so well in his life, has absolutely no trouble with his stomach or bowels and is fleshier than he has been for years. Three cheers for Grape-Nuts." Name given by Postum Company, Battle Creek, Michigan.

Sounds too easy almost to be true but ten days' trial by anyone will prove the value of Grape-Nuts, the most scientific food in the world.

"There's a reason."

WILL TRY TO OPEN STREET

At the regular meeting of the Merchants' Exchange last night considerable time was given to the discussion of the Trading Stamp question. The Exchange some time ago abolished the stamp from this city, but it is said by some of the members that owing to one of the San Francisco papers advertising the stamp and to the monopocture of several breakfast foods pushing them that all the work of the Exchange will be undone. A letter was prepared by Secretary Wilbur Walker to be sent to a local merchant, whose name is withheld, urging him to discontinue the use of the offending coupon.

After the stamp question had been discussed the Exchange took up the matter of opening Fourteenth street through to Lake Merritt and a committee of four was appointed to confer with the City Council. Another question discussed was the condition of the streets in the city and a committee was appointed to confer with Mayor Olney thereon this morning.

RHEUMATISM

A few years ago I was taken with inflammatory Rheumatism, which, though mild at first, became gradually so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the pains spread over my entire body, and from November to March I suffered agony. I tried many patent medicines but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

58 Cliff St., Roxbury, Mass. MRS. ELEANOR T. JONES.

For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body. I became such an invalid that neither my family nor friends thought it possible for me to survive long. I had tried so many prescriptions given me by physicians (which contained a great deal of potash) that my stomach was ruined and there seemed no hope for recovery. I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone. After completing five bottles I was an entirely different man, and felt that I had a new lease on life. The cure in my case has been so wonderful that I shall tell every one of it. S. S. S. not only cured my Rheumatism, but also put my system generally in excellent condition. I have a good appetite, sleep well and once more enjoy life.

Mt. Sterling, Ky. B. M. FRISBIE.

RHEUMATISM comes from poor digestion, stomach troubles, torpid liver, weak kidneys and a general sluggish condition of the system. Food souring in the stomach poisons the blood—it becomes too acid. The liver and kidneys fail to act properly, and the circulation is clogged with impure matter and burning acrid fluids which penetrate and saturate the bones and muscles, joints and nerves, producing the terrible pains and aches and other disagreeable symptoms of Rheumatism. As it originates in the blood and affects the whole system, it will not do to depend on liniments and other external remedies. Such treatment is helpful, but the blood must be restored to a pure, healthy state before the cure is permanent. When S. S. S. has driven out the impurities and built up the thin, acrid blood and stimulated the sluggish organs to better action, the cure is thorough and lasting. The feverish, excited nerves then are soothed and the muscles relieved of the torturing tension, and the whole system is restored to its former healthy state. S. S. S. contains no potash or alkalies, but is guaranteed purely vegetable. Our special book on Rheumatism will be mailed free to all desiring it. Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

FRANK DANIELS SCORES A HIT AT MACDONOUGH

Theater Was Crowded to the Doors ---Comedian is Given an Ovation.

At the Macdonough last night Frank Daniels in his latest musical comedy success, "The Office Boy" opened a two nights' engagement here.

There are various things to be said in favor of this play, chief among which is that it has Mr. Daniels as the bright, particular star about which everything revolves.

There is also the fact that the piece was one of the hits of last season in New York, Chicago and St. Louis, where it had long runs, and in other large cities.

Mr. Daniels seems to be one of those fortunate persons who always succeed in getting themselves well placed. He has never been identified with anything stupid and he always has plays which seem specially adapted to his uses.

He is a comedian of original methods and much magnetism, and he is also a generous provider in the matter of company and production. The public is used to seeing him always as the center of the picture, but is also compelled to admire the frame thereof.

The play tells a whimsical story of an office boy, whose identity becomes confused with that of a jockey. By musical comedy methods this hypothesis is worked out into a variety of farcical situations, which reach their height when the office boy, in order to carry out the deception, is obliged to ride a vicious race horse. The unfolding of the plot is accompanied by a lot of bright music with many of the most effective songs falling to the lot of Mr. Daniels.

The supporting company includes Sallie Fisher, a young soprano of pleasing personality and good voice, Clara Belle Jerome, Violet Halls, Ida Gabrielle Louise Gallier, Maude Welsh, Alfred Hickman, Sydney Toler and a great many others all of whom are worthy of special mention.

The principals and chorus are the hardest workers seen here in many days which only goes to make the whole performance the very best of this kind of show seen here this season. It is on again at the Macdonough tonight for the last time here and is certainly deserving of another full house.

With the show is one of the most popular managers in America, George Bowles. He was never with a show in his life that he did not score a success.

Among those noticed in the audience were: Mr. and Mrs. Arthur Harris, Mr. and Mrs. A. S. Macdonald, Mr. and Mrs. W. S. Palmer, Miss Katherine Brown, Miss Kittie Kutz, Miss Anita Thomson, Miss Carolyn Palmanteer, Mr. and Mrs. John F. Conners, Mr. and Mrs. Reach Soule, Mr. and Mrs. J. E. NEWS FROM S. P. YARDS.

ITEMS OF INTEREST TO THE WEST OAKLAND EMPLOYES.

Applications for work are being daily made at the West Oakland Yards of the Southern Pacific Company by workmen who have been thrown out of their positions at the Union Iron Works in San Francisco. It is stated by those applying to the Southern Pacific Company for work that just as fast as possible men employed at the Union Iron Works are being thrown out of employment. This, they say is caused by the fact that the Union Iron Works will no longer be conducted on it past scale. These workmen say that contracts for work are being refused by the Union Iron Works and that work already contracted for will not be finished. The Southern Pacific Company has given employment to as many of the workmen as is possible, but owing to the fact that the shops are crowded a number have been turned away.

VISITS SHOPS.

H. H. Forney, former Master Mechanic at the Sacramento shops of the Southern Pacific shops of the Southern Pacific Company, but who is now general superintendent of the air department of the company, visited the West Oakland shops and yards yesterday.

WORK DELAYED.

The work on the new 65,000 gallon tank to be erected at the West Oakland Yards is delayed for the reason that the riveters have not yet arrived. It is believed, however, that the work will be resumed within a few days.

IN FOR REPAIRS.

Locomotive 2133 arrived at the West Oakland Yards yesterday for light repairs. It will probably be ready for the road by the end of the present month.

RADICAL REFORMS FOR THIS PRISON

TRENTON, N. J., Oct. 26.—As a result of ideas gained at the recent Congress held in Quincy, Illinois, George O. Osborne, head keeper of the New Jersey State Prison in this city, has announced his determination to inaugurate radical reforms.

One of the changes to be made is the abolishment of the dungeon as a punishment for infraction of the prison rules and the substitution of a well-lighted and well-ventilated cell for such offenders.

The prisoners placed in solitary confinement in this way will be chained in such a manner that they will be kept standing during the hours when other prisoners are at work. The thumb print method of identification also will be adopted.

REVOLUTION AGAINST THE EMPRESS OF CHINA.

Chinese Reform Association Orders Queues, a Mark of Submission, Cut Off.

PORTLAND, Ore., October 26.—The Oregonian prints an article to the effect that the Chinese Reform Association is preparing to start a revolution against the Empress of China during the celebration of Chinese New Year, which occurs in February.

An order has gone forth from the officials in Vancouver, B. C., directing all Chinese to prepare to return to their native land forthwith. The association has a large membership in every city on the Pacific Coast and as far east as Denver, Colo. The article continues: "As an insult to the Empress Tsi Ann, the reigning monarch of the Celestial Empire, the members of the association have been ordered to cut off their queues. The queue is a mark of submission to the reigning power. They have determined to work through members now in China to oust the Empress and place the young and deposed Emperor, little Quong Suey, on the throne.

The Emperor can be easily influenced if this transpires by the organization, which will then use him as a figurehead and as a tool while Yip Yen the head of the association, who is in Vancouver, will be the real ruler in his position as Prime Minister.

"It was declared by a member near to Yip Yen in standing that there were officials and men in China ready at a minute's warning and that the move, when made, would be conclusive.

THANKSGIVING TRIP FOR COLLEGE SINGERS.

Committee of Associated Students Sanctions a Trip That Will Take in Three Cities of Nevada.

BERKELEY, October 26.—The executive committee of the Associated Students decided last night to give the Glee club a trip during the Thanksgiving vacation. It will include the cities of Reno, Carson City, and probably Nevada City. Two concerts will be given at the first-named place.

S. S. Hawley, '05 has been made manager of the Glee club to take the place of R. O. Hoedel, who recently resigned. Mr. Hawley will have charge of the Nevada trip.

The Glee club, augmented by the addition of a large number of new members, is rapidly working into good form. Its singing has improved considerably and in the Thanksgiving trip it should give a good account of itself.

The committee also decided to give the freshman football players, who participated in the game with Stanford, jerseys with class numerals.

The graduate manager reported that there were 4247 in attendance at the freshman game. About 1000 more tickets than last year were sold.

Bills to the amount of $2100 were allowed. This sum included payments for the California field, salaries of coaches and numerous incidental expenses.

J. Moffitt, '86 alumni member of the committee, attended the meeting. Mr. Moffitt has been in the East for the past few months. This was his first meeting for this semester.

WILL PUT A ROOF OVER THE BLEACHERS

BERKELEY, October 26.—In spite of numerous reports that the roof of the bleachers of California field will not be erected in time for the big game on November 12, Foreman W. B. Wells stated yesterday that the roof would be completed in ample time. Already the bleachers on the east side of the field are complete with the exception of the roof and on the west side the structural work is almost finished. The construction of the bleachers and seats is now progressing rapidly.

The bleachers when completed will be exceptionally strong and there will be absolutely no danger of collapse, as especial attention has been paid to the supports. The field is now in very good condition. There are no mud puddles or soft spots, but on the contrary, the ground is firm and even, the faults of the old field being entirely absent. By November 12 if no severe weather intervenes, California field will be in perfect condition.

POSTER IS CHOSEN BY THE JUNIOR STUDENTS.

BERKELEY, October 26.—The successful poster for the junior farce was selected last night by the committee in charge. It was drawn by Myron Ware, '05. The successful curtain raiser was written by Jackson Gregory, '05 and Vance McClymonds, '05.

The title of the curtain raiser is: "Some Idiots—and Others."

CO-EDS TO ISSUE A CALENDAR.

BERKELEY, October 26.—For the first time in the University history of California calendar is to be published and is being planned by a committee of the Y. W. C. A. under the chairmanship of Miss Alma Burnett. The committee announces a competition in designs and suggestions for the cover and the composition of the pages. For further information apply any day this week at 11 o'clock in room 1, North Hall.

The calendar is to be as attractive and inexpensive as possible so that every student will desire one as a souvenir of the college. This is a new feature of college interest and the committee hopes that it will receive the support of the students.

Did it ever occur to you that the majority of so-called woman haters are married men?

IS AFTER PICTURE HATS OF THE CO-EDS

STUDENT PAPER AT THE STATE UNIVERSITY SCORES COLLEGE GIRLS.

BERKELEY, October 26.—The co-eds of the University of California who still persist in wearing picture hats in the class room are scorchingly criticised in an editorial that appears in this morning's issue of "The Californian," the student daily. The article compliments the young women of Stanford University for having abolished the practice of wearing picture hats in the class-room and even on the campus, and goes on to say:

"It is a bitter pill to have Stanford get ahead of us in any respect. But this time it is the Stanford girls who have bested us, and in the matter of common sense. It is in reference to the picture hat nuisance. By agreement between the Robely girls and the Sorority girls, this practically including all the women students in Stanford, the girls have ceased, very largely, to wear hats on the campus and those who do, remove them upon entering the class-room. We are pleased to see such gloriously sound sense in our sister university. We scarcely thought that they would be in a position to teach us a lesson in sanity.

"While we would not go so far as to advocate the entire abolition of headgear, we should think that the courtesy which is supposed to be innate in every college girl, and a just regard for the rights of others, would prompt our women students to remove their hats upon entering the class-room. A step in the right direction was taken recently by Prof. Haskell when he asked the women in Math 1 A to remove the obstructing headgear. It seems, indeed, very unfortunate that an instructor should be obliged to resort to such measures to compel compliance with the dictates of common courtesy. We hope to see the time when it will not be necessary."

It is easier to kick up a row than it is cheerfully to accept the kicks resulting therefrom.

LAST RALLY HELD ON FOOTBALL BLEACHERS

SERIES OF INTERESTING GATHERINGS ARRANGED BEFORE THE BIG GAME.

BERKELEY, October 26.—The last bleacher football rally of the season was held this afternoon on the campus. Addresses were made by Professor T. W. Page, a former football man during his college days and Lorin Hunt, a member of the faculty and one of the first captains of the California team.

At the annual pajamarino rally to be held in the Greek Theater Friday night will be given some of the most spectacular features presented during the year. In addition to the variegated night dresses and pajamas, the serpentine dancers will carry torches. Two hundred and fifty extra torches have been secured and will be used at that time along with those lighted at the first torch rally.

During the evening some good speakers will orate from the stand in front of the rooters. An exceptionally large bonfire is planned to take up the center space allotted it.

The other rallies planned to take place before the big game are as follows. The new bleacher dedication rally will be held on the California field on the night of Friday November 4. It will be the first demonstration of the kind on the field and is scheduled for this date as the contractors will then have completed the construction work and the field will be accepted. On November 9 will occur the regular annual ax rally and on November 10 the smoker rally for men.

Although the details for the last three rallies have been worked out, they will not be announced until the time for each approaches.

STATION IS NOT ENTIRELY LOST.

BERKELEY, October 26.—The results of the forest fire which spread in the hills down upon the Santa Monica forestry station have now been reported to the University by A. V. Stuhenrauch, assistant professor of horticulture in charge of substations.

The main groves of trees are practically uninjured. Buildings were burned, but the only damage to the plantations was to the stock intended for distribution. Of the 60,000 young trees which had been started with the intention of distributing them throughout the State, only 25,000 survived.

NOTED SPEAKERS FOR COLLEGE MEETING

REV. BRADFORD LEAVITT AND WILLIAM GREER HARRISON TO ADDRESS STUDENTS.

BERKELEY, October 26.—For the University meeting in the Harmon gymnasium at 11 o'clock next Friday morning, October 28, the speakers will be Rev. Bradford Leavitt, pastors of the First Unitarian Church of San Francisco, and William Greer Harrison, president of the San Francisco Olympic Club.

Mr. Harrison will speak on "Athletics and Health," a subject most appropriate, as he is one of the chief California exponents of exercise and fresh air for happiness and good health. Mr. Leavitt's subject will be "What All the World's a Seeking."

The block of seats immediately to the west of the middle aisle is reserved specially as a "rooters' section." The Glee club will occupy the two rows at the front of the "rooters' section."

The University meetings during this semester have been full of intense interest to the student body, owing to the very able speakers that have been secured and the variety of the subjects chosen. Friday's gathering will be no exception to this rule. The students interested in athletics should be attracted by the name of Mr. Harrison. At the same time they will be enabled to listen to a very able speaker on a very different theme.

During the rest of the semester the University meetings will be held every two weeks. The next one will be on Friday, November 11, the day before the big game with Stanford. The speakers for this gathering have not yet been announced.

BOOKS ARE PRESENTED UNIVERSITY LIBRARY.

BERKELEY, October 26.—A copy of "The Isles and Shrines of Greece," by Samuel J. Barrows, has been presented to the library by the author's wife, Mrs. Isabel C. Barrows.

The library is in receipt of another volume entitled "Echoes from Erin," by William Wescott Flak. It is the gift of Miss C. Lemmon of the State library at Sacramento.

WILL GIVE MIRACLE PLAY IN GREEK THEATER.

Arrangements Are Completed for the Production of Prof. Gayley's "Star of Bethlehem."

BERKELEY, October 26.—Arrangements have been completed for the production of the "Star of Bethlehem," to take place in the near future in the Greek Theater, or in case of inclement weather in Harmon Gymnasium.

The "Star of Bethlehem" is from the pen of Professor C. M. Gayley. It is arranged from the old English miracle plays. It will be presented by Ben Greet and his company, assisted by students.

Professor W. D. Armes is now at work on the announcements and window cards, which will be as interesting as those which were published last year for "Everyman."

Arrangements will also soon be begun for the production of "As You Like It" under the oaks.

That Ben Greet is much pleased by the work of the students of the University in the production of "Hamlet" is shown by his new letter head. On it there is a cut representing the scene in the Greek Theater where Hamlet gives instruction to the players.

The photograph from which it is made is an exceptionally good one. Though the cut is but an inch and a half high and two inches long, the persons appearing can readily be recognized. In the picture appear Mr. Greet, Miss Robinson, his niece, Frank McEntee, stage manager and eight students. Beneath, in Mr. Greet's handwriting is the quotation "To hold as 'twere the mirror up to nature."

Y. M. C. A. DELEGATES ELECT OFFICERS

BERKELEY, October 26.—At a meeting of the Y. M. C. A. union held in Berkeley recently, the following officers were elected for the ensuing term of six months; President, J. Gustav White, California '05; vice-president, Miss A. M. Spencer, Cooper Medical College; secretary, D. C. Boyde Stanford; deputation committee, Miss Martha Brown of Stanford and F. C. Gale, California '04. This was the second of the semi-annual meetings for this year. After the business was transacted the 31 delegates adjourned to Wagner's where they were entertained at an elaborate dinner.

The district includes Stanford, California, Cooper Medical, San Anselmo Seminary, University of the Pacific San Jose Normal and the College of California.

The next meeting will be at Stanford in February.

BERKELEY HOME FOR NOTED AUTHOR

BERKELEY, October 26.—Bailey Millard, the author of the successful California novel, "The Lure O' Gold," has moved to Berkeley and is living in North Berkeley, while a new house is being built for him on Derby street, looking down Warring. His advent in the college town makes a very substantial addition to the fast-growing literary colony that delights in the classic charm of the foothills with the college campus at their feet and the bay and mountains beyond. He said in an interview:

"It is my intention to reside in Berkeley for the next few years and if I like it here I shall remain indefinitely, though it grieves me to leave my airy nook up on the slope of Talamalpais where I lived seven years.

"Berkeley is an ideal town for a writer to work in, and I have been very lucky as a result of my work here."

SHIPOWNERS CONSIDER RISKS

NEW YORK October 26.—While the North Sea affair has caused nothing approaching alarm in marine insurance circles, says a Times dispatch from London, ship owners have been driven to consider seriously the risk run by their steamers.

Inquiries are numerous for war risks on British mercantile fleets engaged in ordinary trading, and it is probable that a good deal of business will result.

Should trading steamers be fired upon and sunk, the owners would not be able to recover under ordinary marine insurance policies.

ALAMEDA NOTES OF INTEREST.

What the People Are Doing in the Island City.

ALAMEDA, October 26.—The funeral service of William Johns, who was a pioneer resident and prominent mining man of this Coast, was held at 12:30 o'clock yesterday at his late residence, 2051 Santa Clara avenue, being largely attended. The impressive service was conducted by Rev. A. T. Needham, the new pastor of the First Methodist Church, while appropriate hymns were rendered by the choir. Floral remembrances were many and beautiful. The pallbearers officiating were Joseph F. Forderer, J. B. Vosburgh, E. T. Thorning, L. W. McGlaughlin, J. Jamison and George L. Lewis, all early-day residents and old friends of the family. The interment took place in Mountain View cemetery.

SMALL BLAZE.

ALAMEDA, October 26.—The fire alarm from box 23 at 11:55 a. m. yesterday was for a lively blaze in the cottage owned by E. M. Derby & Company at 2118 Clement avenue, and which has been occupied for some time by F. L. Coles and family. The fire started in a closet off the kitchen and the loss was about $300 covered by insurance.

Mrs. Coles is ill in Lake County and her husband had been preparing his breakfast in the house over a gas stove. It seems that when he took a train for the city yesterday morning the stove was left burning, and being too close to the woodwork set fire to the house. The family were about to move out, their trunks being packed ready for an expressman at the time.

A SOCIAL EVENING.

ALAMEDA, October 26.—A pleasant social event Monday evening was the session of the Isle City Whist Club at the residence of Dr. and Mrs. Louis T. Cranz, 1626 Sherman street. The rooms were artistically decorated for the occasion, and there was a good attendance of members. During the evening refreshments were served. The first prize for ladies was awarded to Mrs. O. Bremer and the first gentleman's prize to George R. Hansbrow. Dr. Cranz received the consolation trophy. The club will hold its next meeting in a fortnight at the home of Mr. and Mrs. James Hambly on Verdi street.

SOLD OUT BUSINESS.

ALAMEDA, October 26.—Combs & Fisher of the Alameda City Market have sold their business on Market street, San Francisco, where they were associated in a large place with Olsen & Company. They had been doing very well in the branch across the bay and the sale was made rather unexpectedly yesterday. The Olsens have a cousin who had just arrived from Nome City, where he had made money in mining. He dropped in yesterday, offered a good price for the business, which was sold without further parley when he immediately assumed possession.

OBJECT TO CUTTING OF TREES.

ALAMEDA, October 26.—The Civic Section of the Adelphian Club, through Mrs. Ida Ehrenberg, secretary, has sent a forcible appeal to the City Trustees to put a stop to alleged acts of vandalism on the part of electric light employes. It is alleged that the linemen of the municipal department have cut many trees needlessly in stringing wires, marring their beauty. The Trustees have promised to look into the matter.

A SURPRISE PARTY.

ALAMEDA, October 26.—An enjoyable surprise party was that tendered a few evenings ago to Edmund Shroeder upon the occasion of his birthday anniversary. Twenty-five guests were very pleasantly entertained. The rooms were prettily decorated with smilax and chrysanthemums. The evening was spent in games and dancing, and refreshments were served. Among those present were Misses Ada Lewis, Mabel O'Neil, Mary Walsh, Cleo Rea, May Hennessey, Minnie and Kate Rea, Elsie Hintz, Belle Hogan; Messrs. Hintz, Schroeder, Herspring, Mandler, Freese, Hughes, Heather and others.

ALAMEDA PERSONALS.

ALAMEDA, October 26.—Mrs. Geo. W. Murphy of 1352 Park streeet, departed yesterday to visit relatives in Bakersfield and Los Angeles, to be absent a fortnight.

Charles K. Field is to depart on November 5 for a visit to the St. Louis Exposition and New York, and will be absent two months.

Miss Isabelle Frier of 2117 Santa Clara avenue is confined to her home by illness.

Mrs. Millard Hamor of Bar Harbor, Maine, is visiting her niece, Mrs. E. D. Elk of Central avenue, and will spend two weeks here.

John Croll of Seventh street is suffering from a slight attack of illness.

RUSS BLAMES GREAT BRITAIN

ST. PETERSBURG, October 26, 7.50 a. m.—The semi-official Journal de St. Petersburg has opened a subscription for the families of the British fishermen killed by the guns of the Second Pacific squadron. The paper opens the list with a contribution of $25.

The first harsh note sounded by the press in connection with the affair is found in the Russ, which declares today that the British Government, knowing the serious problem of self-preservation confronting the Russian fleet, should have taken the precaution of warning the trawler fleet against getting in the way of the warships.

The Russ adds that it has reason to "believe that certain other vessels" suffered with the fishing fleet about whose fate nothing will be said in England.

A Cure for Asthma

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Rudolph Schiffmann's Asthma Cure almost performs miracles.

Mr. R. M. Spencer, 2380 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes."

Sold by all druggists at 50c and $1.00. Send 2c stamp to Dr. R. Schiffmann, Box 803, St. Paul, Minn., for a free sample package.

TEA

We don't know, in this country, how good tea is—the most of us—some of us do.

It isn't the tea's fault.

PAINTER HAS BAD FALL.

H. G. ALBERTS FALLS FROM ROOF AND IS SEVERELY INJURED.

HAYWARDS, October 26 — While painting the residence of A. Smith in Alvarado last Saturday afternoon, H. G. Alberts, a resident of this city, slipped and fell to the ground sustaining a severe sprain in his back besides several bruises about the head and chest.

At the time of the accident he was on the roof of the building, with his feet braced against the rain trough. The thin boards gave way and the unfortunate man was precipitated to the ground, a distance of thirty feet.

His companions at once went to his assistance and he was carried to the residence of a doctor living in that town. The physician examined his bruises and sewed up several cuts on the head. Alberts remained in an unconscious condition for several hours. He was later removed to his home on A street, Haywards. It is feared that he has sustained internal injuries, and if such is the case it will be some time before he will be able to attend to his duties once more.

The unfortunate painter has suffered more than his share of accidents lately. Within the last year he has sustained three falls while painting, anyone of which might have resulted fatally.

BASEBALL MANAGER RESIGNS.

Charles Pimentel has just resigned the management of the local baseball nine. James Burge will arrange for the few remaining games to be played before the close of the present season. Under the direction of Manager Pimentel the Haywards players have developed into one of the fastest baseball aggregations in the State. Since has was appointed to fill that position the team has played eleven games without suffering a single defeat. In the earlier part of the season the nine won twelve straight games. In all they can boast of twenty-three victories. Any amateur team on the coast might well fell proud of such a record.

MRS. DEAN ILL.

Mrs. Jane Dean, the mother of Dr. A. J. Dean, is prostrated as a result of the death of her son. She is 84 years of age and has been in very poor health of late.

She is in a very precarious condition at her home at the corner of Grace and Castro streets. On account of her advanced age her recovery is thought to be very doubtful.

PETTY THEFTS AT FRUITVALE.

AUTHORITIES HAVE NO CLEWS TO THOSE WHO ARE STEALING.

FRUITVALE, October 26.—Numerous petty thefts have occurred in this place within the past week, and the residents are beginning to feel some apprehension for the safety of their property. The officials have no clew to the marauders, but steps will be taken immediately to ascertain who is doing the thieving.

Last Sunday evening, a new spring wagon was taken from the barn in the rear of E. F. Rerat's place. The vehicle was placed in the building by Mr. Rerat at 6 o'clock in the evening, and the next morning he was very much surprised to find it gone. It has not yet been returned.

CADETS WILL ENTERTAIN.

Arrangements are being made by the Fruitvale Cadets for an entertainment to be given some time in the near future. The exact date has not yet been fixed upon. A program will be gotten up, those taking part being members of the corps. The organization contains some talented musicians and speakers, and anything they would present would be well worth hearing. They will also probably give an exhibition drill at the same time.

SHIPS MAY ENTER ONE AT A TIME

VIGO, Spain, October 26.—Telegrams in cipher have arrived here for Vice Admiral Rojestvensky, commanding the Second Pacific Russian squadron. The Government has ordered the local authorities to only permit revictualing of the Russian fleet, within the port, on condition that the ships enter one at a time.

Consequently the Russian Consul is proceeding to Cies Island in the Bay of Vigo for the purpose of communicating with the fleet to arrange for revictualing three miles from the coast.

MALE STUDENTS DISAPPEARING

CHICAGO, Oct. 26.—Dr. Edmund James in his last report as president to the trustees of Northwestern University, says the disappearance of men students from the co-educational institutions in the Mississippi Valley may be only a matter of time.

Dr. James quotes figures on the attendance in the college of Liberal Arts of Northwestern to prove his theory. These show that in the last four years the percentage of women students has increased from 46.1 to 56.6.

RED MEN HOLD MEETING

COMANCHE TRIBE INITIATED THREE MEMBERS LAST NIGHT.

ELMHURST, October 26.—Comanche Tribe, I. O. R. M., held their regular session in Red Mens' Hall last night. The meeting was one of the most interesting held for some time.

The feature of the evening was the adoption of three pale faces into the ranks of the Red Men. The initiatory ceremonies were performed in fitting style by the members of the degree team of Comanche Tribe. Degrees were conferred upon several officers.

Many members of the organization were present from other towns, and reported on their work. Speeches were made by prominent Red Men, who reminded their auditors of the great amount of good being done by the order throughout the State.

Late in the evening an appetizing banquet was spread, and everyone present enjoyed themselves to the utmost.

ARTISANS PLAY WHIST.

A large delegation of the United Artisans of this place went to Oakland last Monday evening, where they attended the whist tournament given under the auspices of the Oakland Artisans in Forester's Hall. Handsome presents were awarded the winners in the different games. The Elmhurst Artisans report a very enjoyable time.

STOLEN SHEEP SOLD IN CHICAGO

CHICAGO, Oct. 26.—Junius Wright, a ranch owner of Boise City, Idaho, having discovered that 3,000 of his best sheep had been stolen by one of his tenders and shipped to Chicago, has come here only to learn that the sheep have been sold for $7,000 and that the man had disappeared. The police are working on the case.

REPUBLICAN CLUB ORGANIZES.

ENTHUSIASTIC MEETING IS HELD AT SAN LEANDRO.

SAN LEANDRO, October 26.—Permanent organization of the Republican Campaign Club was effected last Monday evening in the Town Hall.

The meeting was well attended, and the members of the organization manifested much enthusiasm in laying plans for the work to be done before election.

The meeting was called to order by W. H. Gorman, and the election officers took place immediately. The following prominent Republicans were appointed: President, John Driver; treasurer, L. C. Morehouse; secretary, William H. Gorman.

The committees appointed were as follows. Enrollment—C. Rinderspacher, J. T. Hopper, J. Olympia, H. G. Black, Louis Critchlow. Executive—J. N. Frank, W. Cunningham, Socrates Huff, Antone Thomas, James Murphy.

FIREMEN DISBAND.

The volunteer fire department met for the purpose of disbanding last night in the City Hall. There was about $70 in the treasury and this amount was divided among the members.

This department was organized nearly four years ago, and since that time have rendered valuable assistance in extinguishing fires in this city. Most of the firemen will join the new salaried department, which will be organized next January.

New equipment will be purchased and San Leandro hopes to have an up-to-date department. There will be eighteen men and three officers in the new organization.

REPUBLICAN RALLY IN EAST OAKLAND.

Supervisor Rowe is Given a Warm Reception in the Seventh Ward.

One of the most enthusiastic meetings of the present campaign was held last night at Washington Hall in East Oakland under the auspices of the Republican County Central Committee The hall was filled with residents of the district, who gathered to listen to Col. T. V. Eddy of San Francisco Senator Russ Lukens, Supervisor Harry D. Rowe and others upon the issues of this campaign.

Interspersed between the speeches were selections rendered by the Alliance Quartet, composed of E. S Dowdle, J. C. Hart, C. R. Leach and F H. Ayers, who were liberally applauded by the audience. Selections were also rendered by Professor Palmer's Mandolin and Guitar Club.

City Clerk Frank R. Thompson was called upon to preside as chairman of the meeting and in a happy vein introduced the various speakers of the evening.

The following men occupied seats upon the platform:

C. H. Daly, George C. Lose, William Doig, F. W. Seither, Ben Crandell, J W. Evans, Thomas Newsom, Morris Happ, Judge Yule, Henry Martin, Joseph Mois, T. R. B. Crandell, Jesse Meehan, E. M. Hall Jr., Edward Dulley and Milton Hamilton.

HARRY D. ROWE.

The first speaker introduced to the audience after a selection by the band was Supervisor H. D. Rowe, who said

"Mr. Chairman and ladies and gentlemen:—It is the duty of every American citizen to give some thought and attention to the government under which he lives. I am also sure that the mothers, sisters and wives of the men are interested in the duty that devolves upon them.

"We who are asking your suffrage here can only point to our party record and ask you to judge for yourselves.

"We do not ask you to vote for the Republican ticket because it is the Republican ticket, but because we have a splendid record. I feel that the great prosperity of this country today is due, to a large extent, to the party now in power. I will not say altogether, for we have some splendid men in the other ranks.

"We are here tonight to present to you certain names which we believe cannot be equalled upon any party ticket.

"The first name I shall mention is that of Joseph Knowland, candidate for Congress from this district—honorable and clean.

"The next is that of Senator Russ Lukens, who has represented this district creditably and well.

"The third is that of R. H. Espey, a cleaner and brighter young man does not reside in the district. I am sorry to say that he is not able to be here tonight, but the work of the campaign has been too strenuous and he is confined to his bed under the doctor's orders.

"Of myself I can only say that I have, during my term as Supervisor done my best and I must commend my past record for your favorable consideration. I thank you."

WILLIAM R. GEARY.

The next speaker to address the meeting was Justice of the Peace Wm. R. Geary, who spoke for his friend, R H. Espey, who was unavoidably kept away from the meeting by illness.

Judge Geary, in his opening remarks, stated that it afforded him great pleasure to address the meeting in lieu of Attorney Espey, who, he said, was bound to succeed at the polls next November, for he is a gentleman worthy of the office and whose record warrants his election.

Continuing Judge Geary said in part:

"Late tonight I was requested to come up here and say a few words on behalf of Mr. Espey, the candidate for the Legislature. Mr. Espey has been a practicing attorney for a good many years. Although his election cards would say that he is a very young man, he is old in experience and will, beyond a doubt, make a good official and an able representative from this district.

"It is indeed unfortunate that his health has failed him at this time, for he would have then been here tonight to speak for himself.

"I wish to especially urge young men to vote for Mr. Espey.

"Let those who cast their ballot for the first time next November cast in favor of this brilliant young lawyer—they will not regret it. I thank you."

G. R. LUKENS.

The next speaker introduced was Senator Russ Lukens who addressed the meeting briefly and said in part:

"Mr. Chairman and Ladies and Gentlemen:—I address you tonight with great pleasure. I want to say to you that at the last Legislature we apportioned the State anew, as was necessary after the taking of the last census. We had no power over Supervisorial districts, if we had, we should have assured you a good Supervisor in the re-election of Mr. Rowe

"It is the duty of Alameda county to roll up a great big majority this fall. This is due the representatives from this district. I have only to mention the names of Senator George C. Perkins, the Hon. Victor H. Metcalf, your Governor George C. Pardee to bring out a response and from those here a vote for the ticket at the election, November 8th, next.

"I want to say a word for the absentees, Judge Wm. R. Simpson and R. H. Espey. Both of these gentlemen are deserving of your votes. They are both young and vigorous men alive to the needs of the districts they would represent.

"I cannot believe that the great American nation is going to turn away from the prosperity inaugurated by McKinley and Roosevelt after the disastrous policy of President Cleveland. Believing that we are all Republicans here this evening and that we are bound together by common ties of brotherhood and interests I shall close by predicting one of the greatest victories ever recorded in Alameda county."

COL. T. V. EDDY.

The speaker of the evening was then introduced by Chairman Thompson in Col T. V. Eddy, who kept his audience in good humor with his witty stories and interested in his explanation of the paramount issues of the present campaign. He said in part:

"While I was seated here tonight I heard a voice that I heard a great many years ago in the East, I heard it later on in other places. When I was notified tonight that I was going into the district which is and will be represented ably by H. D. Rowe I was overjoyed.

"It was Harry Rowe's voice that I heard tonight, one and the same voice that I heard years ago. Mr. Rowe and I were raised together on adjoining farms, we grew up together and I have more or less followed his clean career ever since. So I take great pleasure in saying a word for him. He has, as you know, made a good official and will, I am certain be returned to office. Can I add anything to that?

"His record in office is a clean one and is a pride to himself and the Republican party.

"Now as a divergence I want you to excuse me if as an outsider I say a few words of commendation for the other names mentioned here tonight. They are all more or less diffident about speaking of themselves. As an outsider, I can do this.

First of all, I want to impress upon you the necessity of returning Joseph R. Knowland as your Congressman from this district. He is a bright, capable young man. He is expected to fill the position recently made vacant by the elevation of the Honorable Victor H. Metcalf.

"Alameda county is singularly blessed with bright, young men. Mr. Knowland and Senator Lukens who have appeared before you this evening have both represented you in the State Legislature. Their records are before you and stand out bright and unspotted.

"We need these young men in office. The next Legislature will have the election of a Senator and we want both a good Senator and a good Congressman to help out the policy of our President Roosevelt.

"I have traveled about the State a good deal and have found this to be a very quiet campaign. There have been no street corner fights, that I have witnessed, but, nevertheless this is an important campaign. Just as was the last national campaign an important one, the coming election is a more important one. As the voting population increases, the importance of the campaigns increase. And the one after this will be more grave than all past.

"What are the issues in this campaign? Judge Parker says that the issue at this campaign is imperialism; William Jennings Bryan says the same thing, while Democratic newspapers say that it is trusts and the tariffs. There you are—take your choice.

"Why the first man who said we were suffering from the disease, imperialism, was 'Dr.' Bryan. He says it is preying on the vitals of the country. We are about to be destroyed by this disease, so he says, and still we are happy. Strange, isn't it.

"When we ask them what remedy, they say, or did once, 'take a dose of Bryanism.' Now they say, 'take a dose of Parkerism.' If we do we will have a disease from which we may not recover for a long time.

"Roosevelt is a dangerous man to the trusts and Wall street. The heads of these institutions fear him and they want Parker, the legitimate successor to Grover Cleveland. It is true that Roosevelt, when war with Spain was on donned his rough clothes and his spurs and went out to fight, for the American flag. But what good and true citizen of the United States would not do the same? Is that to his discredit as some would have you believe?

"You people of Alameda county—do you want to turn back the wheels of progress eight years? No, of course you don't. Then unite in supporting the Republican party."

J. M. OLIVER.

The next speaker was J. M. Oliver of Alameda. In his opening remarks the speaker stated that he did not intend to confine himself to the candidates for local office but would devote his address to "Protection and Prosperity." Hon. Oliver then gave a most instructive and interesting address on this subject. He told well of the acts of the Republican party and the benefit derived therefrom. He gave a number of official figures proving the good of protection and the enjoyment of the prosperity which follows. The speaker concluded by saying that protection was the life preserver of the American laborer.

The meeting then closed with an air by the band.

KNOWLAND SPEAKS AT DIXON.

Candidate For Congress Well Received in Solano.

DIXON, October 26—The Dixon Opera House was crowded to the doors last evening by a most enthusiastic audience assembled to greet Senator J. R. Knowland, Republican nominee for Congress, Frank R. Devlin of Vallejo, nominee for the Assembly and Judge A. J. Buckles of Fairfield.

The audience was particularly representative and demonstrative, the speakers being interrupted by applause and cheers.

The meeting was called to order by J. H. Peterson, president of the Dixon Republican Club, who introduced Oscar C. Schulze as chairman of the evening.

Frank R. Devlin, one of Solano County's most popular young men, was the first speaker, and he made a most favorable impression by his straightforward and manly talk.

After a selection by the Dixon band, Senator Knowland was introduced. He received a most cordial reception. He spoke principally on national issues, dwelling at length on the Panama Canal question, declaring that the completion of this great water-way would mean more to California than to any State in the Union, being difficult at the present time for the two great trans-continental railroads to handle the products of the State, which were annually growing in volume.

Knowland declared that both political parties had for years been declaring for an Isthmian Canal but through the wise statesmanship of President Roosevelt the completion of the canal is now an assured fact.

Hon. A. J. Buckles, Superior Judge of Solano County, was the next speaker. Dixon is the old home of Judge Buckles and when he faced the audience, was given an ovation, attesting his great popularity throughout the county. He is an old soldier and dwelt at some length on the President's pension order.

Judge Buckles very ably presented the history of the famous pension order and very severely criticized Judge Parker's statements relative to that order.

The meeting closed with three rousing cheers for the Republican ticket.

SAYS SIGNBOARDS ARE WITHOUT BEAUTY

At Trinity Episcopal Church last evening Father Parrish said that the atrocious signboards standing along the streets of Oakland evinced a lack of artistic development and refinement. His subject was "A Good Conscience," and he showed that artistic development and moral growth are closely related and find their expression in a right conscience.

"It is not enough to have a conscience; all have that, but it must be a good conscience and this involves an educated conscience,' he said.

After giving several illustrations he showed how one who professed and called himself a Christian might make grievous mistakes if there was not his enlightenment.

"A churchman was invited by a friend to inspect a large factory in New Orleans," said Father Parrish. "As he passed through the building he recognized a man whom he had known in a distant city, who had been convicted of crime and had served his time. The churchman felt it his duty to call the manager aside and inform him with the consequence that the man who was trying to make an honest living and provide for his wife and two children was discharged and discouraged.

"Many of us have yet to learn that there are times when it is just as wrong to tell all we know about people simply because we know it is the truth, as it is to lie about them. An enlightened conscience is necessary even to those who are most zealous for the good."

The subject this evening will be "The Sign of the Cross."

MAKES HARD FIGHT FOR HIS WIFE

NEW YORK, Oct. 26.—Immediately after the election next month, Former Governor Frank S. Black will go to Frankfort, Kentucky, where he will enter into a legal battle for which he has volunteered his services, with the hope of saving the life of Caleb Powers, who is awaiting execution in that State for complicity in the assassination of Governor William Goebel.

Mr. Black has told his friends that he believes Powers innocent and declares he will fight against the verdict of the lower courts and if necessary carry the case to the Supreme tribunal at Washington.

The testimony of three hundred witnesses living in all sections of Kentucky will be taken.

TEA

WHY APPENDICITIS?

Why is appendicitis so common today?

Because we have got it to the pernicious habit of eating too fast.

Dr. Curtis, the great authority on this disease, says: "Appendicitis often follows the eating of a very hasty, or particularly large or indigestible meal."

After carelessly following a foolish custom, you can ensure your safety by taking Stuart's Dyspepsia Tablets.

It is an accepted, scientific truth, which admits of no dispute, that if you will only keep your digestive apparatus in good order you will never suffer from this dread disease, which at best means a weakening operation, with long weeks wasted in bed, and big doctor's and surgeon's bills to pay as souvenirs.

Keep your appendix in health by the proper use of Stuart's Dyspepsia Tablets, whenever you have laid yourself open to danger by overeating, and upon the least sign of stomach or intestinal trouble, for otherwise, at any time, this dangerous disease may lay you low.

The curative influence of this great medicine is quickly shown in the gentle, soothing effect it has on all inflamed conditions of any part of the digestive tract.

Stuart's Dyspepsia Tablets tone all these parts up to a proper condition of perfect health, and regulate their functions into a proper working state.

They also make away with all the causes of irritation, inflammation or indigestion, by helping to dissolve, digest and assimilate, or put to proper use, all the food which is lying around in odd corners of your digestive apparatus, fermenting, rotting and curdling, like so much garbage in a dirty sink.

In these natural and perfectly simple ways, Stuart's Dyspepsia Tablets restore all sufferers, from any form of dyspeptic trouble, to health.

They are safe and reliable. They never fail to relieve and cure, quickly and permanently.

Use them, and you need never worry about your appendix vermiformix.

HIS NAME IS NOT "CRAFT."

COLONEL LYNCH TESTIFIES IN COURT THAT HE HAS ONLY HAD ONE NAME.

E. L. Blackman, of Fruitvale, who is charged with disturbing the peace by Colonel Frank Lynch, who keeps a resort at Satro Park, had his hearing yesterday afternoon before Justice of the Peace Quinn. Blackman is the first of five residents of Fruitvale who have been charged by Colonel Lynch.

Blackman testified that on the evening of October 15, Colonel Lynch had come out on the sidewalk in front of his resort and with his hand on his hip in a manner to indicate that he had a revolver, and called him vulgar names.

He stated that he had gone across the street to prevent a quarrel between a man named Dean and Lynch, when the latter ran into his saloon and returned apparently armed. He called Lynch a coward and a cur and challenged him to come into the street and fight. This, however, the Kentucky Colonel did not accept.

Attorney W. B. Rinehart, who represents Blackman, et al., cross-questioned Colonel Lynch during his testimony. When asked if his name had not once been Graft, the Colonel stated that it had always been Lynch. Rinehart then asked how he came by the title of Colonel, to which Lynch replied that it had been granted to him by the Governor of Kentucky.

In closing the defense, Rinehart made the special plea that his client or any other man was fully justified in using the epithets cur and coward.

NEW PLAYS AT THE MACDONOUGH

At the Macdonough Theater tomorrow and Friday evenings the charming pastoral play, "York State Folks," will be presented with the original great cast and magnificent scenery. "York State Folks," without doubt, is the best play of its kind that has ever been offered, and it is a play that is destined to have a long and successful career. It tells an interesting story of everyday life in a small village and the story is told in a most natural way.

"York State Folks" abounds in exquisite little bits of naturalism—the squeaking of the rusty hinge of a gate as people pass through it, followed by the click of the latch, a broken board in the sidewalk that creaks, the floor of the wagon shop, strewn with shavings that look as if they must have just sprung from the plane; the stopped clock that was wound and "struck round" to its proper hour; the putting of the family cat out for the night by the careful housekeeper and the letting of Tabby in again by the old organist when a storm comes up and the patter of the rain is heard outside. It is all delightful, restful, almost as good to the city fired brain as a real trip into the country, where doughnuts don't come from the bakeshop and the odor of friend buckwheat cakes wake a fellow for breakfast. The numerous inquiries for seats indicate a crowded house.

Gorton's celebrated band has long had the reputation of being the best organization of its kind traveling. This season will prove no exception, as the band is composed of some of the best musicians known to the musical profession. They have an extensive repertoire, ranging from the popular selections of the day to the more difficult solos and overtures, all of which are rendered in the faultless manner which is characteristic of the Gorton band. The company will be seen at the Macdonough Theater next Saturday and Sunday, matinees and nights.

BRIGLIA'S STATEMENT.

Frank Briglia, who conducts a saloon at 661 Broadway, states that there was no fake about the robbery of his place of business. He declares that he and his partner were held up.

The facts in the case

After all, the pre-eminently important fact about our clothing is the satisfaction it gives.

True, that satisfaction is due to a perfect combination of many details: Approved style; manly grace; smooth fit; continuous shape retention; super-accurate workmanship; high-standard materials; moderate cost.

But we look out for the details, and leave you free to approve and appreciate the general excellence.

And, let us add, you pay us no more for our supremely excellent clothing plus satisfaction than you'd pay the ordinary clothing store for ordinary clothing plus discontent.
